

LIST OF TABLES

- Table 1: Composition of OFMSW in the present study..... **Error! Bookmark not defined.**
- Table 2: Characteristics of OFMSW observed in different literature**Error! Bookmark not defined.**
- Table 3: Physico-chemical characteristics of OFMSW **Error! Bookmark not defined.**
- Table 4: Physico-chemical characteristics of bio-flocculated sludge**Error! Bookmark not defined.**
- Table 5: Characteristics of municipal sludge observed in different literature..... **Error! Bookmark not defined.**
- Table 6: Physico-chemical characteristics of the co-digested substrate with varied mixing ratio **Error! Bookmark not defined.**
- Table 7: Summary of experimental and analytical work **Error! Bookmark not defined.**
- Table 8: Kinetic parameters with different mixing ratios of OFMSW & bio-flocculated sludge **Error! Bookmark not defined.**
- Table 9: Kinetic constant for semi-continuous flow anaerobic digestion of OFMSW & bio-flocculated sludge **Error! Bookmark not defined.**
- Table 10: Comparative study of kinetic constants with different literatures**Error! Bookmark not defined.**
- Table 11: Relative Importance of Input Variable using Connection Weight Approach..... 82
