

Table of Content

Chapter 1	Introduction	
1.1	Marine ecosystem	1
1.2	Intertidal zone	2
1.3	Tidepool	4
1.3.1	Origin and formation of tidepool	5
1.3.2	Classification of tidepool	6
1.3.3.	Structure of tidepool	7
1.3.4.	Shape of tidepool	7
1.3.5	Depth of tidepool	8
1.3.6	Basin type of tidepool	8
1.3.7	Life span of tidepool	9
1.4	Community structure of tidepool	9
1.5	Community interactions in tidepool	12
Chapter 2	Review of literature	
2.1	International status	15
2.2	National status	24
2.3	Lacuna	30
	Aim	31
	Objectives	31
Chapter 3	Materials and methods	
3.1	Study area	32
3.1.1	Gujarat coast	32
3.1.2	Saurashtra coast	32
3.1.3	Sampling sites	33
3.1.4	Zonation patterns	33
3.1.5	Study duration	37
3.2	Sampling method	38
3.3	Data analysis	42
3.3.1	Biodiversity Indices	42

Chapter 4	Results and discussion	
4.1	Structure of rocky littoral zone	44
4.2	Structure of tidepool	50
4.2.1	Studies of the physical characteristics and tidepool structure at the Veraval coast	52
4.2.2	Studies of the physical characteristics and tidepool structure at the Mul Dwarka coast	55
4.2.3	Studies of the physical characteristics and tidepool structure at the Chhara coast	59
4.3	Community structure of tidepools	61
4.3.1	Community composition of tidepools macrofauna	88
4.3.2	Diversity Indices	90
4.3.3	Diversity of Animal Taxa and Comparative Study of Sites	94
4.3.4	Seasonal and Spatial Variations	96
4.4	Community interactions in tidepools	104
4.4.1	Competition	104
4.4.2	Prey – Predation	106
4.4.3	Camouflage	107
4.4.4	Food & feeding	107
Chapter 5	Conclusion	113
Chapter 6	Bibliography	116
	Summary	
	Publications	

List of Figures

Figure no.	Title	Page no.
1.1	Marine environment and classification of zones at rocky shore	1
1.2	Tidepool of intertidal zone	4
1.3	The various forms of tidepools	8
1.4	Various form of tidepools based on basin type	9
1.5	Community structure of tidepool	11
3.1	Location of study sites in Southern Saurashtra coast	33
3.2	Diagrammatic representation of Vertical zonation of rocky shore	34
3.3	Site wise zonation of (A) Upper littoral zone (B) Middle littoral zone (C) Lower littoral zone of Veraval coast	35
3.4	Site wise zonation of (A) Upper littoral zone (B) Middle littoral zone (C) Lower littoral zone of Mul Dwarka coast	36
3.5	Site wise zonation of (A) Upper littoral zone (B) Middle littoral zone (C) Lower littoral zone of Chhara coast	37
3.6	Flow chart of the methodology employed in the study	40
4.1	Point scale distribution of selected tidepools at Veraval coast	51
4.2	Point scale distribution of selected tidepools at Mul Dwarka coast	51
4.3	Point scale distribution of selected tidepools at Chhara coast	52
4.4	Phylum wise distribution of tidepool fauna at all sampling locations	89
4.5	Community composition of tidepool fauna at the Veraval. Numbers on the plot indicate each phylum's contribution to the community	89
4.6	Community composition of tidepool fauna at the Mul Dwarka. Numbers on the plot indicate each phylum's contribution to the community	90

4.7	Community composition of tidepool fauna at the Chhara. Numbers on the plot indicate each phylum's contribution to the community	90
4.8	Yearly variation of Shannon index for tidepool fauna at sampling sites	91
4.9	Yearly variation of Pielou's Evenness index for tidepool fauna at sampling sites	92
4.10	Yearly variation of Berger- Parker index for tidepool fauna at sampling sites	94
4.11	Seasonal and Spatial variations in the abundance value of tidepool's motile fauna at Veraval (2021, 2022, 2023)	99
4.12	Seasonal and Spatial variations in the abundance value of tidepool's motile fauna at Mul Dwarka (2021, 2022, 2023)	100
4.13	Seasonal and Spatial variations in the abundance value of tidepool's motile fauna at Chhara (2021, 2022, 2023).	101
4.14	Seasonal and Spatial variations in the percentage value of tidepool's sessile fauna at Veraval (2021, 2022, 2023)	102
4.15	Seasonal and Spatial variations in the percentage value of tidepool's sessile fauna at Mul Dwarka (2021, 2022, 2023)	103
4.16	Seasonal and Spatial variations in the percentage value of tidepool's sessile fauna at Chhara (2021, 2022, 2023)	104

List of Tables

Table no.	Title	Page no.
1	Physical characteristics of selected tidepools at Veraval coast	53
2	Physical characteristics of selected tidepools at Mul Dwarka coast	56
3	Physical characteristics of selected tidepools at Chhara coast	59
4	The taxonomic classifications of the tidepool macrofauna reported throughout the study period are consistent with the recent updates from WoRMS (World Register of Marine Species) regarding scientific nomenclature and taxonomic positions	74
5	List of macrofauna observed in tidepools at selected study sites (abbreviations: "P" for Present, "A" for Absent)	83

List of Plates

Plate no.	Title	Page no.
4.1	Land-sea interaction in the form of cliffs, marine terraces, wave-cut platforms, and marine notches at study sites	46
4.2	Microhabitats recorded from selected study sites	48
4.3	PORIFERA: A. <i>Cliona</i> spp. B. <i>Halichondria panicea</i> C. <i>Haliclona cinerea</i> D. <i>Haliclona tubifera</i> E. <i>Halichondria</i> spp. 1 F. <i>Cinachyrella</i> spp.	65
4.4(1)	CNIDARIA: A. <i>Urticina clandenstina</i> B. <i>Phymanthus crucifer</i> C. <i>Anthopleura elegantissima</i> D. <i>Isaurus tuberculatus</i> E. <i>Zoanthus kuroshio</i> F. <i>Zoanthus sansibaricus</i> G. <i>Anthopleura</i> spp. H. <i>Goniopora columna</i>	66
4.4(2)	CNIDARIA: I. <i>Turbinaria peltata</i> J. <i>Physalia physalis</i> K. <i>Palythoa caesia</i> L. <i>Exaiptasia diaphana</i> M. <i>Porpita porpita</i> N. <i>Palythoa mutuki</i>	67
4.5	PLATYHELMINTHES: A. <i>Polycladida</i> spp. B. <i>Pseudoceros susanae</i>	68
4.6	NEMERTEA: A. <i>Evelineus mcintoshii</i> B. <i>Baseodiscus hemprichii</i>	68
4.7	ANNELIDA: A. <i>Branchiomma</i> spp. B. <i>Serpula</i> spp. C. Nereididae spp. 2 D. <i>Eulalia viridis</i> E. <i>Timarete</i> spp. F. Sabellidae spp. 5	69
4.8(1)	MOLLUSCA: A. <i>Echinolittorina malaccana</i> B. <i>Chiton</i> spp. C. <i>Samla bicolor</i> D. <i>Octopus vulgaris</i> E. <i>Mauritia histrio</i> F. <i>Bivalvia</i> spp. 2	70
4.8(2)	MOLLUSCA: G. <i>Cellena karanchiensis</i> H. <i>Lunella coronata</i> I. <i>Hypselodoris maritima</i> J. <i>Thylacode</i> spp.1 K. <i>Aplysis oculifera</i> L. <i>Nerita albicilla</i>	71
4.9	ARTHROPODA: A. <i>Atergatis ocyroe</i> B. <i>Pilumnus</i> spp. 2 C. <i>Petrolisthes</i> spp. D. <i>Gonodactylus viridis</i> E. <i>Clibanarius</i> spp. F. <i>Amphibalanus amphrite</i>	72
4.1	ECHINODERMATA: A. <i>Aquilonastra</i> spp.1 B. <i>Echinometra</i> spp. C. <i>Amphipholis squamata</i>	73
4.11	CHORDATA: A. <i>Pomacanthus annularis</i> B. <i>Gymnothorax pseudothyrsoides</i> C. <i>Gobius niger</i>	73
