
Acknowledgement

The piece of compiled in this thesis would never have been accomplished without many people behind my life for inspiring, guiding and accompanying me in this five years of beautiful journey. I would like to thank all of them from bottom of my heart. I am thankful to my guide Dr. Arunkumar L Patel, my research supervisor for finding potential in me and for constant guidance and support. I would like to thank him for always pushing me to do my best. I am also much grateful to our collaborators Prof. Sanjio S Zade (Indian Institute of Science Education and Research IISER, Kolkata), Prof. Saurabh S Soni (Department of chemistry, Sardar Patel University, Vallabh Vidhyanagar) and Prof. Parameswer K Iyer (Department of Chemistry, Indian Institute of Technology IIT, Guwahati) for polymer analysis.

I am grateful to Prof. Ashutosh V Bedekar, Head, Department of Chemistry and former Head Prof. Anjali Patel for providing infrastructural facilities during my research work. I am grateful to all the in-charge teachers and instrument committee members of the various analytical instruments. I am also grateful to the faculties of our department, Prof. S R Shah, Prof. S S Soman, Prof. Padmaja Sudhakar, Prof. Ashish Prajapati, Prof. P S Ghalsasi, Prof. Bhavana Trivedi, Dr. Amar Ballabh, Dr. Hemant Soni, Dr. Vinay Singh, Dr. Arpita Desai and other members of teaching staff for their valuable guidance whenever needed.

The financial support obtained in the form of fellowship from Council of Scientific and Industrial Research CSIR, New Delhi and SHODH Education Department, Government of Gujarat is gratefully acknowledged.

We would like to thank Prof. Debjani chakraborti for UV-Visible Analysis. We are also grateful to Dr. Rakesh Sharma, Department of Applied Chemistry, M S University for GPC analysis. We thank Prof. Parameswer K Iyer (Department of Chemistry, Indian Institute of Technology IIT, Guwahati) and Mr. Mayur Patel for PXRD, AFM Analysis and Device study.

I would like to extend my sincere acknowledgement to the office staff of department of chemistry, especially Mr. K L Rane, Mr. Revathi Ganesh and Mr. Kalpesh bhai for their help in all official activities related directly or indirectly to my work. I would also like

to thank Makwana Bhai, Deepak Bhai, Raju Bhai, Lokhandwala Bhai and all others for extending basic help towards my research.

Special thanks to Dr. Virajkumar J Bhanvadia for guiding and helping me in my initial days of research. I am thankful to Mr Prerak Patel for friendly environment in lab and fruitful discussions. I also thank my lab colleagues Mr. Palkesh Chauhan, Mr. Dhaval Tadvi, as well as dissertation students Astha and Yogin for their association with me. I thank them for their help, co-operation and friendly association during my Ph.D work.

I would like to thank my senior Dr. Vinay Kadam, Dr. Rina Soni, Dr. Priyanka Salunke, Dr. Naznin Saikh, Dr. Blessy Rajan for their guidance Whenever needed. I also grateful to my friends Ms. Sapna Barad, Dr. Esha Bhalodi, Dr. Falguni Sukla, Ms. Jaishree Patil, Ms. Grishma Vala, Ms Purva Kacchi, Mr. Maitrey Travadi, Ms. Mahima Rabari, and Mr. Naman Shah for their support and fun filled moments during lunch time.

I am so much grateful to my best friends Ms. Krita Shah, Ms. Megha Shah, Ms. Jalpa Jagtap and Ms. Dixa Patel for always being there for me and being a constant source of support and encouragement.

Most importantly none of this would have been possible without the pillars of my life. I express my special gratitude to my parents Mr. Piyush V Shah and Mrs. Tejal P Shah for always believed in me, guiding me and for being my strength all these years. I thank them for inculcating the values of education which makes me better person and better researcher. I would like to thank my dear brother Mr. Kalp Shah for always being there for me. I am also appreciating the love, concern and support from my in-laws Mr. Viresh O Shah and Mrs. Minaxi V Shah. I am thankful to my sister in-law Mrs. Manali D Desai, Brother in-law Mr. Dhaval A Desai and my little champ Hitansh D Desai for their concern and support. Last but not the least, I am thankful to my loving husband Mr. Dhruvang V Shah for his kind support, encouragement and always pushing me to do my best and all the help for making the thesis as it is today. I warmly appreciate the love and support from all the other family member of my family.

Above all, I owe it all to shree thakorji for granting me the patience, wisdom, health and strength to undertake this research task and enabling me to its completion.

Ms. Krisha Shah
