Shah, N.H. and Patel, S.J. Lithofacies and Geochemical Analysis of Intertrappeans of the Ninama Basin, Saurashtra, Western India - An Integrated Approach for Paleolake Depositional System. *Journal of Earth System Science* (*accepted November 2023*).

Abstract

Shah, N.H. and Patel, S.J. (2022) Facies analysis and depositional environment of the Saurashtra Intertrappeans, western India. National Conference On 'Current Understanding from Indian Sedimentary Basins and Road Ahead' and 38th Convention of Indian Association of Sedimentologists, (IAS), 9-11 December 2022, University of Delhi, Delhi

Shah, N.H. and Patel, S.J. (2022) Facies and diagenetic evaluation of intertrappean rocks of the Ninama area, Saurashtra Peninsula, western India. National Conference on Resource Potential of the Sedimentary Basins & 37th Convention of Indian Association of Sedimentologists (IAS-2022), 26-27 April 2022, University of Jammu, Jammu.
