

## Acknowledgement

I am grateful to **God**, the Almighty, for continuously blessing me throughout my research and helping me complete it. I also want to express my gratitude to the many people who supported me and made this thesis possible. Thank you for being there when I needed you the most.

I am grateful to my supervisor, **Dr. N. H. Joshi**, for his invaluable supervision, support, and guidance during my Ph.D. His profound knowledge and vast experience have been a constant source of motivation throughout my academic research and daily life. I would also like to express my gratitude to the Faculty of Technology and Engineering for granting me the opportunity to pursue my studies at the Department of Applied Mechanics and Structural Engineering at the Maharaja Sayajirao University of Baroda.

I would like to express my heartfelt gratitude to **Dr. Bimal A. Shah**, former head, and **Dr. J. D. Rathod**, current head of the Applied Mechanics and Structural Engineering Department at the Faculty of Technology & Engineering, The Maharaja Sayajirao University of Baroda. They provided me with an amazing opportunity to pursue my Ph.D. and allowed me to make use of all the department's facilities during my research work.

I would like to express my sincere gratitude to the former Deans: **Prof. (Dr.) Someshwar Bhattacharya**, **Prof. (Dr.) Arun Pratap**, **Prof. (Dr.) C. N. Murthy**, and **Prof. (Dr.) Dhanesh Patel**, the current Dean of the Faculty of Technology & Engineering at The Maharaja Sayajirao University of Baroda. They provided me with an excellent opportunity to study at this esteemed university, for which I am grateful.

I want to express my sincere gratitude to **Prof. (Dr.) Amit Prashant**, **Dr. A. V. Shroff**, **Dr. D. L. Shah**, **Dr. Jaykumar Shukla**, **Dr. Jaymin Patil** and **Dr. H. J. Shah** for their invaluable support. Their input played a vital role in shaping the methods of my experiments and critiquing the results.

Additionally, I would like to thank all the members of the departmental research committee, namely **Dr. J. D. Rathod**, **Dr. B. A. Shah**, **Dr. N. K. Solanki**, **Dr. D. R. Panchal**, and **Prof. (Dr.) U. D. Patel** for their valuable suggestions provided during the progress report presentation.

I also extend my thanks to **Yogesh Bhai** from SWASTIK MOTOR WORKS for fabricating all the model foundations and accessories that were required for conducting the experiments.

I would like to acknowledge the **DST PURSE grant** (Department of Science and Technology—Promotion of University Research and Scientific Excellence (Phase 2)) under grant agreement no. SR/PURSE Phase-2/28(G) dated 10/8/2018 for providing partial financial support for this research work. I am also grateful to **NICTECH**, Jaipur, for manufacturing miniature earth pressure cells in the desired dimensions for model foundations.

I would like to express my gratitude for the valuable support, help, and insightful discussions provided by my friends and colleagues **Pooja Bhojani, Kajal Vachhani, Krishna Nair, Mansi Parmar, Bhavini Desai, Rishi Pandya, Parth Shah, Nazimali Chinwala** throughout my Ph.D. work. I am thankful for everyone who contributed to this project, knowingly or unknowingly. Your assistance has been instrumental in completing this work, and I appreciate it greatly.

"I would like to express my deepest gratitude to my parents, in-laws, siblings, husband, and son. Over the past few years, they have shown me tremendous understanding and encouragement, without which it would have been impossible for me to complete my research work."
