LIST OF FIGURES

Sr. No.	Figure No.	Figure Caption	Page No.
	Chapter 1	**Introduction**	
1	Figure 1	Phonetic symbols, lip movements, and drawings for some English words	3
	Chapter 2	**Literature Study**	
2	Figure 2	ALR Process based on image processing methods	12
3	Figure 3	Face structure based method for lip detection	15
4	Figure 4	Lip reading process based on Deep Neural Network	22
5	Figure 5	Face landmark points for lip detection	23
6	Figure 6	Lip Reading Datasets categories based on uttered text	28
7	Figure 7	Spoken style of alphabets	38
	Chapter 3	**Proposed Work**	
8	Figure 8	Lip sequence for English Digits	44
9	Figure 9	Initial Lip sequence of Gujarati alphabet (Guttural class: ka, kha, ga, gha)	45
10	Figure 10	Gujarati Alphabets and classification	46
11	Figure 11	Room set up for recoding	47
12	Figure 12	Some of the speakers	48
13	Figure 13	Dataset sample for Guttural, Palatal, Retroflex, Dental, and Labial class for 20 frames	49
14	Figure 14	15 frames dataset for 'ઍ', 'ટ', and 'થ' consonant	49
15	Figure 15	Proposed research work for ALR Process	49
16	Figure 16	Face landmark points and ROI Selection	50
17	Figure 17	CNN LSTM Model for classification	53
	Chapter 4	**Result Analysis**	
18	Figure 18	Frame selection for total frames 20	56
19	Figure 19	Frame selection when total frames 40	56
20	Figure 20	Frame selection when total frames 60	56

21	Figure 21	Frame selection when total frames 30	57
22	Figure 22	Frame selection when total frames 24	57
23	Figure 23	Frame selection when total frames 27	58
24	Figure 24	Frame selection when total frames 39	58
25	Figure 25	Frame selection when total frames 50	58
26	Figure 26	Accuracy comparison for 15 frames	61
27	Figure 27	Accuracy comparison for 20 frames	63
28	Figure 28	Accuracy comparison for different classes for case 1 (15 frames)	65
29	Figure 29	Accuracy comparison for different classes for case 2 (15 frames)	67
30	Figure 30	Accuracy comparison for different classes for case 3 (15 frames)	69
31	Figure 31	Accuracy comparison for different classes for case 4 (15 frames)	71
32	Figure 32	Case-wise accuracy comparison for different epochs (15 frames)	71
33	Figure 33	Epoch wise accuracy comparison for different cases (15 frames)	72
34	Figure 34	Accuracy comparison for different classes for case 1 (20 frames)	74
35	Figure 35	Accuracy comparison for different classes for case 2 (20 frames)	76
36	Figure 36	Accuracy comparison for different classes for case 3 (20 frames)	78
37	Figure 37	Accuracy comparison for different classes for case 4 (20 frames)	80
38	Figure 38	Case-wise accuracy comparison for different epochs (20 frames)	80
39	Figure 39	Epoch wise accuracy comparison for different cases (20 frames)	81
