

Table of Contents

1.Introduction.....	1
1.1 Lakes	2
1.2 Classification and zones of lakes.....	3
1.3 Significance of lakes and threats to lake bodies	4
1.4 Importance of monitoring lake bodies	7
1.5 Water quality index	8
1.6 WQI models.....	9
1.7 Limitations of WQIs	16
1.8 Aims And Objectives	17
1.9 Gap Analysis.....	18
2.0 Rationale for the present study.....	18
2 Literature Review	19
2.1 Situation of water bodies in India.....	20
2.2 Situation of water bodies in Gujarat	23
2.3 Literature Assessment	26
3 STUDY AREA AND MATERIALS AND METHODOLOGY	69
3.1 Study area.....	70
3.2 Materials and Methodology	82
3.2.1 Sampling and Sample analysis.....	82
3.2.2 Different indices used in study period.....	83
3.2.3 Eco-Heart Index	102
3.2.4 Statistical Analysis	105
4. RESULTS AND DISCUSSION	107
4.1 Trend Analysis	109
4.2 Water Quality Index Results.....	153
4.3 Modified Water Quality Index Results	187
4.4 Eco Heart Index Results.....	228
4.5 Statistical Analysis Results.....	238
4.6 Development of New Water Quality Index.....	257
5.Summary.....	261
References.....	265
Publications, Book Chapters and Conferences	277
