

## Acknowledgement

First and foremost, I bow my head in front of God, who is standing by me all the time. After a long period of sincere hard work, the time has arrived when, I take up the opportunity to thank all those, who directly or indirectly took part in shaping this unique piece of work. Emotions cannot be expressed adequately in words. The author's acknowledgements are much more than what is expressed here.

I feel immense pleasure in expressing my deep sense of respect and indebtedness to **Dr. Nikul K Patel**, Asst. Professor, Department of Mechanical Engineering, Faculty of Technology & Engineering, M S University of Baroda, Gujarat, India who is inspiring guidance, concrete suggestions, constant encouragement, expert evaluation, enormous help, constructive criticism and timely advisement during the entire course of investigation and preparation of manuscript. His scientific approach and generosity without any reservation have my privileges to work under his supervision, knowledge and enthusiastic interest, which he provided me throughout my research investigation despite his busy schedule of work. His patience helped me overcome many crises and finish this thesis. I am deeply grateful to him for the long discussions that helped me sort out the technical details of my work. It is a privilege that he was always available, and easily approachable.

For counsel generous guidance and useful suggestions, special thanks are tendered to the members of the Departmental Research Committee, (VC nominated member) **Dr Vijaykumar Chaudhary**, Professor & Dean CSPIT Charotar University of Science, **Dr Dhanesh Patel**, Chairman DRC & Dean, Faculty of Tech & Engg, **Dr. Piyush P Gohil**, Co-chairman & Head, Mechanical Engg Dept, **Dr. J R Mehta**, Associate Professor, Department of Mechanical Engineering, **Dr. J M Prajapati**, Associate Professor, Department of Mechanical Engineering. **Dr. Chetan Limbachiya**, Head Applied Physics, Faculty of Tech & Engg.

It would not have been possible to write this research thesis without the help and support of the kind people around me, only some of whom it is possible to give particular mention here. It is my proud privilege to place on record my sincere and grateful thanks to **Dr. Akash Pandey**, **Dr. Mayur Kevat** and **Prof Mehul Bambhania**, Assistant Professor Mechanical Department. I am also grateful. I feel it imperative to express my honest thanks to all the staff members of the Department of Mechanical Engineering, Faculty of Technology & Engineering.

Some walked and guided me along throughout the journey; some joined and helped me whenever they were called and needed; and few appeared out of the blue to keep me on the right path. Although expressing gratitude and forming close relationships are considered inappropriate, my moral compass compels me to openly convey my sincere emotions towards my cherished friends Prof. Bhavesh Pathak, Prof K V Chaudhary, Dr. B S Patil, Dr. J D Gandhi, Prof. V S Patel, Dr. A J Modi, Dr V R Patel, Dr P A Prajapati, Dr Sadanand Namjoshi, Prof. Mangesh Lanjewar, Dr. D D Patel, Prof Kevin Patel & my all-staff members of the mechanical engineering department, Government Engineering College, Bharuch.

I take pleasure in expressing my heartfelt thanks to the **Commissionerate of Technical Education and Department of Education, Gandhinagar**. This acknowledgement will be incomplete without the mention of Principal **Dr. S R Joshi** and The Head of the Department **Prof. R. K. Shukla** of Government Engineering College Bharuch. I would like to thank them for their assistance and support in getting my research career started on the right foot and providing me with the foundation for becoming a synthetic researcher.

I appreciate thanks to my loving and caring wife **Dr. Nilofar** and my affectionate daughters **Alisha & Aaliya** for their encouragement and for their sacrifice to shape my career. My vocabulary fails to get words to express the deep sense of gratitude and indebtedness to my parents, **Abdulmunaf** and **Hamida** for their everlasting love, constant encouragement, prayer support and sacrifice, without which this dream could not have become a reality.

Last but not least; I would like to say **Haashh!!** That is how we take a relief-taking breath marking an accomplishment of major work in the Gujarati language and I offer my regards and blessings to all of those who supported me directly or indirectly in any respect during the completion of this research work.

For any errors or inadequacies that may remain in this work, of course, the responsibility is entirely my own. Even in last, but far from least, I would like to place on record my sincere regard, deepest gratitude, Soul respect and a million thanks to **'God'** the Almighty, who helped me on every path of my life and made every step a great success.
