Purify you soul continuously through right knowledge and good conduct!
If so, when you die, you will not need to repent.

Shrimant Maharaja Sayajirao Gaekwad III

"True education consists, not merely in the acquisition of knowledge, but in the development of the reasoning powers and in the formation of character. It should train up men to a full sense of the responsibility of their duties as men and as citizens; it should not be confined to one class, but should reach the masses. The attainment of these objects, in my opinion, can best be helped forward by the adoption of a sound system of primary and secondary education which will influence the people at the most impressionable period of their lives."

"Speeches & Addresses of His Highness Sayajirao III, Maharaja of Baroda" Vol. I (p.249)

H. H. Sir Pratapsinhrao Gaekwad (29th June 1908 – 19th July 1968)

His Highness Pratapsinhrao Gaekwad was an able administrator, who was properly trained in administration by His Highness Sir Sayajirao Gaekwad - III himself. He was consecrated on 7th February 1939. During his period, the New Constitution was approved in 1940. It was viewed for the welfare of both kingdom and subjects. In 1940, the Shantadevi Trust & the Padmavati Trust for Welfare of T.B. Patients were approved. The M.S. University of Baroda was established in 1949. He said at that time "experts are to be trained from our own people." He also signed the proposal of dissolution of private states.

We have worked diligently to adapt to the NEP framework, integrating its vision into our academic structure to ensure a more holistic and multidisciplinary approach. Our students continue to excel, and our faculty remains committed to advancing knowledge and contributing to their respective fields. Our campus thrives with academic, cultural, and social initiatives that have made a meaningful impact on society.

I would like to express my deep gratitude to our Chancellor, Madam Rajmata Shubhanginiraje Gaekwad, for her constant support, vision, and wise counsel. His relentless commitment and exceptional leadership have been pivotal in ensuring the smooth functioning of the university.

From the Convenor's desk...

Dear Colleagues and Esteemed Members of the University,

I am honored to present the Annual Report of the University for the academic year 2023-2024, which highlights the remarkable progress we have achieved together. This year stands as a testament to our collective commitment, determination, and perseverance, driving us to reach new milestones in our pursuit of academic excellence, research innovation, and student empowerment.

First and foremost, I would like to extend my heartfelt gratitude to our esteemed Chancellor, Rajmata Shubhangini Raje Gaekwad, for her unwavering support, visionary leadership, and guidance throughout this year. We are deeply honored by her presence and leadership at our institution.

I am deeply grateful to Prof. (Dr.) Dhanesh Patel the current I/c Vice Chancellor of the university for his trust on us as an Annual Report Committee and his co-operation and support in advancing the university's academic and administrative goals.

I also extend my thanks to the (Offg.) Registrar of the University Dr. K. M. Chudasama for his exceptional contribution to the smooth running of daily operations, ensuring efficiency and alignment with university's vision.

This year, our academic and research community has made significant strides. We are proud to report an impressive number of research publications 835 and 723 papers presented in national & international Conferences, with 410 publications indexed in Scopus. Additionally, our university has been awarded 17 new research projects, along with more than 21 Lakhs research grants under Staff Academic Development fund of the University. This will go a long way in supporting innovative research and development across disciplines.

We are equally proud of our 924 registered Ph.D. students, with 123 students Ph.D. degrees awarded this year. This growth is a reflection of our commitment to advancing knowledge and nurturing future scholars. Furthermore, I am pleased to share that we now have 296 active Ph.D. supervisors, guiding and mentoring our doctoral students in their academic pursuits.

The University's focus on student development remains strong. This year, 13862 students were awarded their degrees, reflecting the hard work and dedication of both students and faculty alike. I am equally pleased to report that 2792 our graduates have successfully secured placements in prestigious organizations, while others have chosen to further their studies at reputed institutions globally.

A significant highlight of this year was the University's 72nd Convocation, held on 4th February 2024, in the esteemed presence of Shri Bhupendra Patel, the Hon'ble Chief Minister of Gujarat. We were also honored by the virtual address of Hon'ble Justice Shri Dhananjaya Y. Chandrachud, the Chief Justice of India, who motivated and inspired our graduates with his words of wisdom.

Furthermore, the University's commitment to educational reforms and innovation was strengthened by hosting the Western Zone Vice Chancellors' Conference on the Implementation of NEP-2020 at the Statue of Unity. This one-day Education Summit, organized by the Department of Education, Government of Gujarat, in association with The Maharaja Sayajirao University of Baroda on 26th October 2023 at Ektatanagar, provided a platform for academic leaders to discuss the future of education in India under the new National Education Policy.

To further enhance industry collaboration, we have signed multiple Memorandums of Understanding (MOUs) with leading industries, opening doors for greater academic-industry synergy. These collaborations will ensure that our students are exposed to real-world challenges and opportunities, fostering a strong link between academia and industry.

I would also like to express my sincere appreciation for the dedicated efforts of the Annual Report Committee members, the Development Officer, (I/c) Ms. Hinal Trivedi the GCU Section, Mr. Jatin Somani, University Press manager, his team and the IQAC Team of the university. Looking ahead, I am confident that we will continue to build on the strong foundation laid this year. Together, we will keep striving towards our mission of excellence in education, research, and student success.

Thank you for your continued commitment, passion, and collaboration in making this a successful year for our institution.

Dr. Jain introduced Prof.	July 20, 2023	Prof. V. Y. Kantak Seminar Room, Department of English, Faculty of Arts, The Maharaja Sayajirao University of Baroda

Aparajita Hazra, Dean, Faculty of Arts, Diamond Harbour Women's University, West Bengal, who is an author and a recipient of several awards including a National Award and a Global Award for her Teaching Excellence. She has been invited to countries across the globe to deliver lectures.

Following the introduction, Dr. Hazra began her lecture supported with a power-point presentation with the term 'POWER' as defined by Michel Foucault. Jean Paul Sartre introduced the concept of "Gaze" in his book "Being and Nothingness" (1943). She added, "The act of gazing robs the other of freedom", it induces self-consciousness and reduces authenticity due to the fear of judgement.

Dr. Hazra, then introduced the concept of Male gaze, quoting a definition from the "New Aesthetics": "Male Gaze is the act of depicting women and the world, in the visual arts and in literature from a masculine, heterosexual perspective that presents and represents women as sexual objects for the pleasure of the male viewer. Elaborating further, Dr. Hazra used images of paintings by master artists like Leonardo da Vinci, Vermeer, and Raja Ravi Varma, to display how women have always been shown with their gaze not meeting the viewer and how the "Male Gaze" always has been on the women. She mentioned about the Three ways in which the Male Gaze manifests in,

1) Scopophilia (pleasure of looking)
2) Narcissism (pleasure from contemplating one's self)
3) Voyeurism (looking as sexual pleasure)

Towards the end of the lecture, she discussed about "The Oppositional Gaze" that bell hooks or Gloria Jean Watkins calls as resistance to oppression and class distinction in her 1992 essay collection Black Looks: Race and Representation. The Lecture was very engaging and well received by the

		audience. The lecture ended with a vote of thanks by Dr. Charul Jain, the IQAC Coordinator.

4	Distinguished Lecture Series - 3rd Lecture	"DISABILITY STEREOTYPES IN BOLLYWOOD FILMS: A CRITIQUE" by Prof. Banibrata Mahanta. The Distinguished Lecture Series organised by the Department of English of The Maharaja Sayairao University of Baroda on 18 December 2023 featured an enriching lecture by Prof. Banibrata Mahanta of The Department of English, Banaras Hindu University, a prominent scholar in the area of Disability Studies. The event that was held at the Prof. V.Y. Kantak Seminar Room, aimed to bring attention to the stereotypical tropes that are associated with disability in Bollywood films. Dr. Charul Jain, the In-charge Head of the Department and event coordinator, inaugurated the event and extended a warm welcome to the attendees. She introduced the speaker, Prof. Banibrata Mahanta, highlighting his extensive experience and expertise in the areas of Indian Writing in English, Disability Studies and Translation Studies. Prof. Mahanta's lecture through examples of Bollwood movies highlighted the various tropes through which disability is stereotyped and how they are representations of the common understanding towards and about disability. The main points of the lecture were as follows: • Disability as Punishment and Source of Pity: The relation between religion and disability, through the trope of karmic consequence, punishment for sins and wrongdoing was highlighted by Prof. Mahanta. • Persons with Disabilities as Dependent and Burdensome: Prof. Mahanta, through the clips from movies such as Mother India (1957) explored the shift to the relation of disability with medical science and industrialisation, where a normal productive body is emphasized. • Persons with Disabilities as Supercrips: The trope of people overcoming their disability as an inspirational narrative was explored and illustrated by Prof. Mahanta.	December 18, 2023	Prof. V. Y. Kantak Seminar Room, Department of English, Faculty of Arts, The Maharaja Sayajirao University of Baroda

		• Disability as Metaphor: Prof. Mahanta elucidated that disability is never a concern in itself but as a metaphor. These metaphors are part of cultural narratives such as movies discussed, denying the individuality of persons with disabilities. • Social Model of Disability: The speaker illustrated the Social Model of Disability, which serves as a critique of the binary of the able and the disable. It reassigns the meaning of disability to term it as impairment, brought on by the prevalent modes of the society as the reason for non-participation. The lecture was followed by an engaging discussion between Prof. Mahanta and the audience, bringing forth their own experiences with visible and invisible disabilities. Prof. Mahanta illustrated different ways through which the academic classroom can be inclusive with tools such as ISL apps and ways of delivering lectures to make participation possible. The event concluded with a vote of thanks by Dr. Rajan Barrett, expressing gratitude to the speaker and the attendees for their active participation.

Constraints

Infrastructure – The department operates from the Union Pavilion since it does not yet have its own infrastructure. The matter has been projected to the authorities.

This needs a review to ensure that better performance and developmental activities can be undertaken by the available staff.
b. **Support staff** – The office work for general correspondence, upkeep of records and other routine departmental activities warrant support staff in the department. In the absence of this support the teaching staff perforce gets engaged that leaves little or no time for developmental activities in the department.

Conclusion

The department makes every effort to support the activities related to sports in the university. In spite of constraints of teaching and support staff, there has not been any shortfall in the assigned task. On the contrary the department has successfully carried out additional activities and tasks as well. With support from the university, we look forward to continued performance to achieve more laurels in the years to come.

STAFF PIC OF UNIVERSITY HEALTH CENTRE

25B. Computer Centre

Introduction

The Computer Centre was established at The Maharaja Sayajirao University of Baroda in the year 1979. Computer Centre became a central facility with the assistance from the University Grant Commission (UGC), New Delhi and installation of IBM/360 system was made initially. During early years, research students and teachers were using the University Computer Centre for research data processing work. Further on, Computer Centre had started to undertake job works for different industries like Oil & Natural Gas Corporation (ONGC), Gujarat Electricity Board (GEB), and Indian Petrochemicals Corporation Limited (IPCL) etc. In 1999, the activities of the Computer Centre underwent a major reorganization with the establishment of a branch in the University Office premises for the purpose of administrative convenience, which was meant to take care of the automation of various university operations of Exams, Accounts and Administration. The original premises at the D. N. Hall embarked upon a major developmental agenda involving the establishment of network facilities, providing internet connectivity, deployment of web-based services and training of manpower and as facilitator for international academic interactions. In September 1999, a central facility for internet surfing SURFLAND was started at Computer Centre. During the past years, with the development in technology, the Computer Centre had upgraded hardware and software from the grants received from the UGC and different Five-Year Plan grants from the state government and other government funding agencies.The Computer Centre had widened its scope of activities and started to computerized university applications like Examination Result Processing System, Payroll System, and Provident Fund Accounting System and many more for smooth and digitized administration and functioning of the University.

Since 2021, Computer Centre has implemented its in-house developed ERP software MSU-IS as service for students, faculty and staff covering entire student life cycle at the University. The in-house developed MSU-IS is designed according to University rules and ordinances. Moreover, it has flexible design which can be blended to adapt any future requirement to make system ready for NEP 2020. Along with this Computer Centre also developed Annual Report Management System(ARMS) that provides every minute academic related reports. The Audit and Account Management System (AMS) is another key important software that manages financial administration of the University. For examinations management and renumeration processing Computer Centre has developed MSU Exam Portal (MEP).

The Computer Centre has been the hub of the computer related activities of the University since its inception. The Computer Centre has been managing and administrating entire network of the University using both wired and wireless connections and makes sure that campus is connected 24 by 7 for its students, staff and all other stake holders.

BEST ACTIVITIES

1. Student Life Cycle Management System (MSU-IS &Mulyankan)

A. MSU-IS: It is a single integrated system that provides complete student life cycle for university students. MSU-IS integrates more than twenty systems that includes application process, admission process, profile management, academics, examination, audit, fees payment, ID card generation, certificate request, result processing and many more. The major advantage of this system is that since it is developed inhouse it is fully customizable as per university requirements. The system is secured and uses AWS services to ensure 24 X 7 availability for its students, staff, and all other stake holders. MSU-IS is considered as one pf the best practice of the university to become digitally self-reliable.

In the present academic year as per the directions of Government of Gujarat, MSU-IS system was integrated with GCAS (Gujarat Common Admission Service) portal so that the desirous students can apply into the University from all over the Gujarat state. Through GCAS integration admission were given to bachelor's, master's and doctoral programmes of the University.

In continuation with GCAS integration a special portal for entrance test was also developed in MSU-IS portal which accepted entrance test fees for those courses which required scrutiny for admission purpose.

B. Mulyankan: A software project for exam event configuration, examination management, marks entry portal, result processing, tabulation sheet generation, marks-sheet generation, degree certificate generation and various statistical reports of the students at the university.

2.ePramanPatra (Online Document Requesting System)

In the present academic yearePramanPatra,online portal was developed as per the advice and guidance of HonourableVice Chancellor to facilitate current and passed out students to receive various academic documents through online request mode. The students can apply for various documents like transcript, medium of instruction certificate, passing certificate, rank certificate etc online through this portal. On successful request concerned Faculty/Section will issue the required certificate. This certificate can be availed at any corner of the world through postal service and students can also physically collect the same as per their required choice. The ePramanPatra facility is available for all students since date of inception of the University.

3. Annual Report Management System (ARMS)

Thissoftware project provides quick access to university data on a single platform, saving a lot of tedious paper works and provides various types of reports like Annual Report of the University, Annual Quality Assurance Report (AQAR), NAAC Report, Teachers Biodata/CV, QS Ranking, Times Higher Education Ranking, National Institutional Ranking Framework etc. Currently more than 1957 profiles of university teachers are maintained in ARMS, and the profiles are also directly linked to MSU main website. For the current academic year at university level ARMS reported statistic of total 572 events, 52 faculty awards, 44 extension activities carried out, 28 patents, 40 research projects, 29scholarships awarded, 149 books published,608 articles published,466 paper presented and 244 invited talks. There are total of 42 different categories for which data are preserved academic year wise and can be easily obtained whenever required.

As per guidance and direction of Honorary Vice Chancellor a separate sub module for “Online Portal for Recommending Journals/Databases and other Learning Resources” was incorporated. The portal accepted the requirement for academic content from teachers at the University and provided input to University Library for the purchase of the materials as needed.

In the present year functionality of Qualitative Matrix at faculty level was developed to gather NAAC related qualitative information at faculty level. This functionality and its reports were very much helpful in gathering all the required data on single click at this online platform.

4. Auditand Account Management System (AMS)

The software provides effective automation of old manual billing process and keeps complete track of the budget and bill generation along with budget distribution under various budget heads over entire university. It also restricts overspending of budget, generates various reports required at different levels and fastens the complete bill processing task. In the current academic year more than 7798 regular bills and 2265 higher payment program bills were processed using this system. All the bills are stored digitally and can be viewed at any point of time in future for audit.

From the current academic year, a separate portal for processing of M and C bills is also made available where more than 508 bills were processed.

5.MSU Examination Portal (MEP)

This portal manages examiner appointments, paper checking record and calculation of examination remuneration of respective teachers for theory as well as practical/viva/project examinations, including various reports in required formats.

From the current academic year, MEP portal was integrated with the existing MSU-IS System so as toautomatically import newly added subjects in MSU-IS to the MEP portal which helps reduce the work of the staff members to separately add the same subjects to the MEP portal as well.

6. Internet and Intranet Connectivity

Computer Centre manages internet and intranet connectivity through wired and wireless networks. For internet connectivity, bandwidth received from NKN is distributed through wired and wireless networks of the University. Intranet is used for internal software's of the University. The connectivity is made available to entire campus of the University, which includes faculties, colleges, institutions, centres, sections and hostels.

What is DSW?

The Vision behind

DIRECTORATE OF STUDENTS' WELFARE

One of the most exemplary product and noble thought behind the primary motive to grant financial aid to 'genuine but economically disadvantaged' future assets of this nation pursuing their studies at The Maharaja Sayajirao University of Baroda started way back in the academic year 2012-'13 which resulted in bringing the haves and the haves not on equal footings. This is how Directorate of Student's Welfare came into existence.

- **What is Directorate of Students' Welfare?**

Directorate of Students' Welfare with the aim to plan and organize the co-curricular activities for the students at the University and College level.

The main objectives of the Directorate are to coordinate different activities of Sports, Literary, Cultural, Moral Education, Placement Counselling and so on.

The Directorate also supervise the Students' Union activities to allow them to work in a democratic setup to solve the genuine problems of the students and to bridge the gap between the students and University administration.

- **Creating a sense of community service** through participation
- **Inculcating positive thinking** for physical and mental health,
- **Providing conductive atmosphere** to strengthen teaching- learning process, student- teacher

relationship, peer group relationship, etc.
• **Coordinating the programs** of Centre for Women's Studies, Equal Opportunity Cell, Health Centre, Board of Sports and Placement and Counselling.

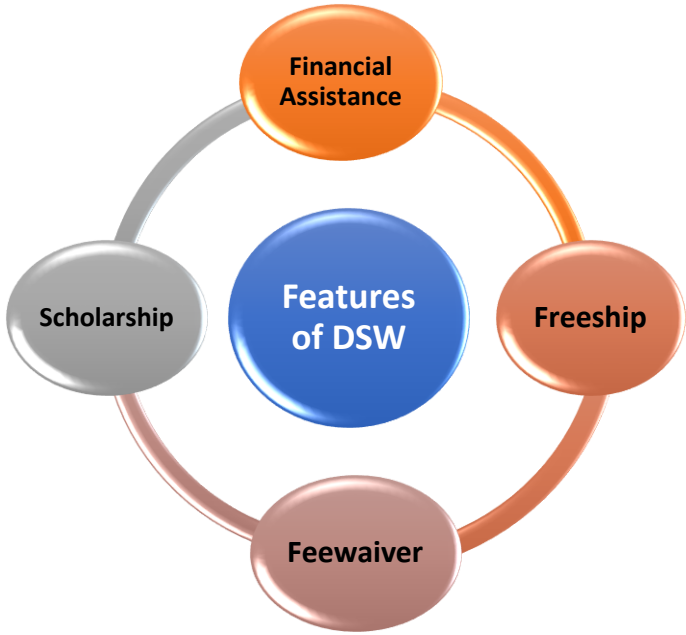

Constitution of Directorate of Students' Welfare

As the name implies, the objective of the office is to ensure the welfare of student community. It will work as an agent between students and the administration of The Maharaja Sayajirao University of Baroda, Vadodara. The responsibility of the Directorate is of two-fold. i.e. to guide and assist students to overcome their problems and on the other hand not to compromise on the Rules and Regulations of The Maharaja Sayajirao University of Baroda, Vadodara.

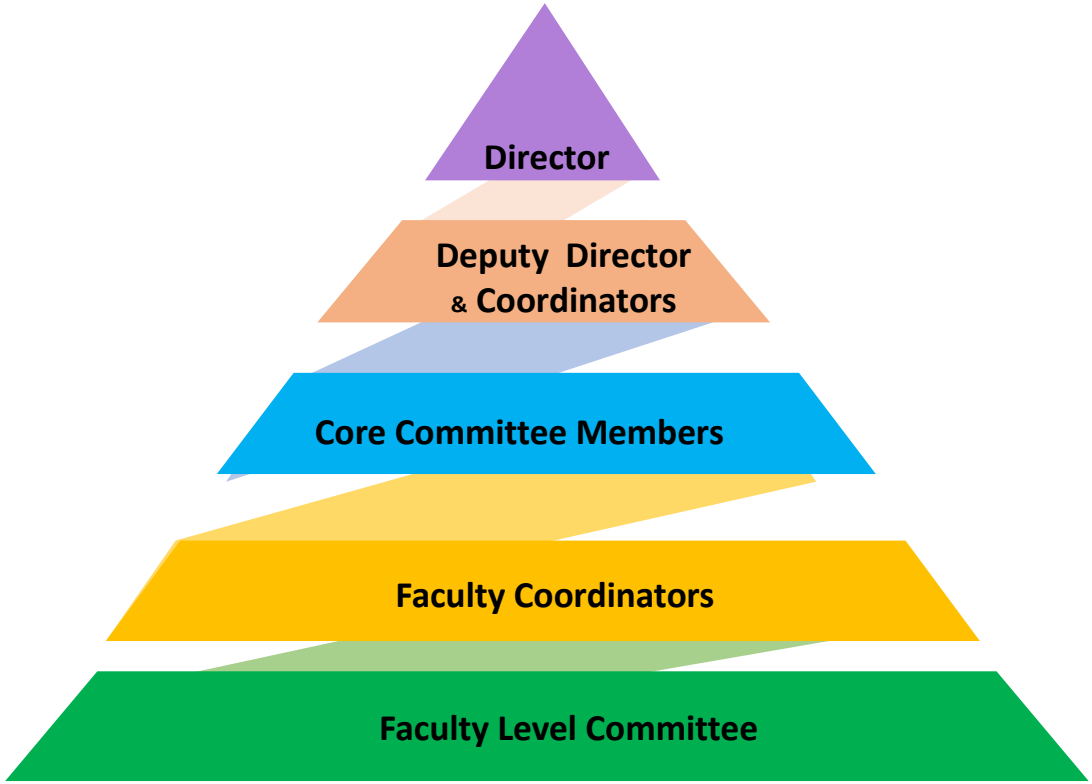

To facilitate the overall personality development and to inculcate the basic values amongst the young students of the University to groom them as Good Citizens of the Nation. The Directorate will also supervise the Students' Union activities to allow them to work in a democratic setup to solve the genuine problems of the students and to bridge the gap between the students and University administration. The faculties and administration of the University seek at all time to impress upon the students the fact that moral and spiritual bases are the corner stones for the development of character and good citizenship. A student is expected to remain disciplined under all circumstances, show respect for rights of others, and reflect a sense of personal honour as demanded of good citizens.

Vision 2020 extends help to entrepreneurs

TIMES NEWS NETWORK

Vadodara: A team of students — Crawlspace — that created a platform where one can create communities, appoint moderators, and offer anonymous posts on social media by embracing artificial intelligence, took home the first prize with Rs 2 lakh award money at the MSU Vision 2020's PitchFest.

MSU Vision 2020 is an initiative of MSU alumni network, a Silicon Valley and India-based non-profit organization of MS University alumni. The organization focuses on the betterment of the Faculty of Technology and Engineering (FTE) and its student body as part of which it commenced PitchFest in November 2022.

Initially, 18 teams had registered for the event meant to boost young entrepreneurs and their business mindset. Out of 18 proposals, 10 were selected for the second round where they made their initial presentations after which five were shortlisted.

The five shortlisted teams — Alertzen, Crawlspace, Prashikshu, Restroview and Tab — were provided a seed funding of Rs 50,000 each in February helping them make their minimum viable product. On Saturday, these five teams pitched their idea during the PitchFest where Crawlspace bagged first prize of Rs 2 lakh while runners-up AlertZen bagged Rs 1 lakh.

Team AlertZen designs and manufactures e-lifeguards that provide services for immediate and personalized responses needed during life-threatening situations.

❖ A SPECIAL TALK ON "THE RELEVANCE OF HINDU STUDIES IN CONTEMPORARY SOCIETY" ON 07 DEC, 2023

The Maharaja Sayajirao University of Baroda, Faculty of Arts in collaboration with The Office of International Affairs, Baroda Sanskrit Mahavidhyalaya and Oriental Institute at Maharaja Sayajirao University of Baroda organized a special talk on "THE RELEVANCE OF HINDU STUDIES IN CONTEMPORARY SOCIETY" on 07th December, 2023 that delved into the study of Hindu traditions in India's educational system. For much of India's modern history, the study of Hindu traditions was notably absent from the academic curriculum, and the talk explored whether there was a valid reason behind this omission.

Key questions were raised during the discussion, such as: *Was the exclusion of Hindu traditions from formal education justified? Could a focus on Hindu traditions potentially lead to political interpretations that may be detrimental to other perspectives? Are Hindu ideas and myths still relevant in modern India?* Additionally, the talk examined why the study of Hinduism has flourished in other countries while remaining limited in India.

Our distinguished chief guest and keynote speaker, Prof. Shaunaka Rishi Das, Founder/Director OxfordCentreforHinduStudies, Oxford,UnitedKingdom. Hedelivered a thought-provoking presentation, offering insightful answers to these complex questions. He engaged with the audience through an interactive session, encouraging a lively exchange of ideas and perspectives. The talk was an enriching experience for all those present, fostering a deeper understanding of Hindu traditions in both historical and contemporary contexts.
