

ACKNOWLEDGEMENT

It is a pleasant aspect that I have now the opportunity to express my gratitude for all those who accompanied and supported me in this journey and writing this note of thanks is the finishing touch on my thesis. Writing this thesis has had a big impact on me. This research work is a milestone in my academic career. I would like to reflect on the people who have supported and helped me so much throughout this period.

I express my sincere gratitude to my research supervisor **Professor Ranjan Sengupta**, for his valuable guidance, imperative encouragement and never-ending zeal for quality work. I am grateful to him for providing constant support and guidance in many technical issues at various stages of my research work. She provided her in-depth technical knowledge which helped me to define my research path. I would like to extend my heartfelt thanks to **Dr. Bina Sengupta** for her constant support in my research works. I sincerely thank **Dr Nitin Bhate**, Head, Chemical Engg. Dept., for his continuous support to me during the course of my research work.

My sincere thanks to the **Management of PCBL Limited**, India, who has not only given me permission to carry out my research work, but also allowed me to utilize the material, equipment and research facilities available at R&D Centre of PCBL Limited, Gujarat, India.

My deepest gratitude to **Mr. Kaushik Roy**- Managing Director, PCBL Limited, **Mr. Sabyasachi Bhattacharya**-President, RPSG Groups. My work would have been uncompleted without offering thanks to them for their consistent support and encouragement to my research.

I would like to extend my gratitude to **Ms Reena Singh**-Head HR, **Ms. Valerie Smith**-Head Innovation Centre and **Dr. Amit Chakrabarti**-Head R&D and **R&D Scientist** of PCBL Limited for their support and encouragement.

I would like to thank IIT Kharagpur, IIT Roorkee, HASETRI Laboratory for helping me in few advanced studies and material characterization.

Finally, I want to thank my wife, **Debamita**, for her sacrifice and consistent support throughout my research works and my son **Rishabh** for his pure love and naughtiness to overcome the strain and get relaxation.

Nitya Narayan Kunti
