

LIST OF TABLES

Table No.	Table Title	Page No.
Table 1.1	Seasonal Occurrence of Extreme Weather Events in Gujarat.	11
Table 2.1	Average Monthly Rainfall Distribution Across Regions (1961-2020, mm)	29
Table 2.2	Average Monthly Temperature Distribution Across Regions (1961-2020, °C).	31
Table 3.1	Overview of IPCC Assessment Reports: Climate Predictions and Key Findings.	51
Table 4.1	SPCI Range and Classification Categories	75
Table 4.2	Classification of Rainfall Distribution Based on IMD Criteria	76
Table 4.3	Classification of Rainfall Intensity Levels	76
Table 4.4	Criteria of Heatwave and Severe Heatwave Conditions	77
Table 4.5	Criteria of Coldwave and Severe Coldwave Conditions	78
Table 4.6	Statistical Summary of Monthly and Seasonal Rainfall Variability Across the Physiographic Regions of Gujarat	84
Table 4.7	Statistical Summary of Monthly and Seasonal Temperature Variability Across the Physiographic Regions of Gujarat	85
Table 5.1	ITA Trends for Rainfall, T_{\min} , and T_{\max} Across Gujarat's Physiographic Regions.	112
Table 5.2	Monthly Rainfall Trends Analyzed by the MK and ITA Tests Across Regions.	117
Table 5.3	Monthly T_{\min} Trends Analyzed by the MK and ITA Tests Across Regions.	120
Table 5.4	Monthly T_{\max} Trends Analyzed by the MK and ITA Tests Across Regions.	123
Table 5.5	Annual Assessment of Heat Event Trends Using the ITA Test.	126
Table 5.6	Annual Assessment of Heat Event Trends Using the ITA Test.	128
Table 5.7	Frequency Assessment of Rainy Days on an Annual Scale Using the ITA Test.	130
Table 5.8	Annual Assessment of Trends in Rainfall Intensity Events Using the ITA Test.	132
Table 6.1	ADF Test Statistics: Before and After Differencing.	140
Table 6.2	Best-Fit SARIMA Models for Annual Rainfall and Temperature (T_{\min} and T_{\max}) with Performance Metrics Across Distinct Physiographic Regions of Gujarat.	145
Table 6.3	Coefficient and Standard Error for Selected SARIMA Model Parameters.	146
Table 6.4	Comparative Analysis of Observed and Forecasted Mean Rainfall Across Regions.	151
Table 6.5	Comparative Analysis of Observed and Forecasted Mean T_{\max} and T_{\min} Across Regions.	153
