

TABLE INDEX

Sr. No	Particulars	Page No.
1.1	Likert Scale used in Questionnaire	7
1.2	Likert Scale used in Questionnaire	7
2.1	Direct Intellectual Capital Method	35
2.2	Scorecard Method	36
2.3	Market Capitalisation Method	38
2.4	Return on Assets Method	39
2.5	Literature review of Intellectual Capital Disclosure Practices	48
2.6	Literature review of Calculated Intangible Value	52
2.7	Literature review of Knowledge Capital Earning Methods	53
2.8	Literature review of Economic Value Added	55
2.9	Literature review of Value- Added Intellectual Coefficient	58
2.10	Literature review of Modified Value-Added Intellectual Coefficient (M-VAIC) model for measuring Intellectual Capital	66
3.1	List of the companies considered under Nifty 50	91
3.2	Sector wise classification of companies of Nifty 50.	92
3.3	Disclosure of the term 'Intellectual Capital' in Annual Report of Companies	94
3.4	List of names of the companies not disclosing Intellectual Capital	96
3.5	Sector wise distribution of companies not disclosing Intellectual Capital in their annual report.	97
3.6	Sectors disclose Human Capital instead of Intellectual Capital	98
3.7	Detailed content disclosure of each company who discloses Intellectual Capital in their Annual Reports	99
3.8	Overview of content analysis	106
3.9	Intellectual Capital Disclosure Index	109
3.10	Items in each element and maximum allotted score	111
3.11	Company wise disclosure score of 5 years	112
3.12	Five companies disclosing maximum items of Intellectual Capital	112
3.13	Variation in Item wise total disclosure of companies	113
3.14	Disclosure score of Internal Capital	114
3.15	Comprehensive analysis of the distribution of Internal Capital Disclosure scores	115

3.16	Analysis of Individual items of internal capital.	116
3.17	Disclosure scores of External Capital	118
3.18	Variation in Item wise total disclosure of External Capital companies	119
3.19	Analysis of Individual items of External capital.	120
3.20	Disclosure scores of Human Capital	121
3.21	Comprehensive analysis of the distribution of disclosure practices for human capital	122
3.22	Human Capital Disclosure practices followed by Companies	123
3.23	Summary of Indicators and Reliability Alpha Score	131
3.24	Mean scores of Extents of Respondents opinion on Awareness of Intellectual capital and importance on the variables to be considered for valuation of Intellectual capital.	132
3.25	Comparing the mean score	133
3.26	Comparison of Mean scores of Variables	133
3.27	Place of residence of the Respondents.	134
3.28	Educational Qualification of the Respondents	136
3.29	Professional Qualifications of the Respondents	137
3.30	Occupation wise distribution of Respondents	139
3.31	Professional Profile of the Respondents	140
3.32	Experience of the Respondents	142
3.33	Conceptual Clarity	143
3.34	Responses of respondents for terms to be considered under Intellectual Capital.	145
3.35	Awareness of methods of measuring Intellectual Capital	156
3.36	Different methods of Intellectual Capital	157
3.38	Disclosure of Intellectual Capital value in Financial Statement	158
3.39	Response of respondents towards Employee Competence	160
3.40	Response of respondents towards Structural Capital	171
3.41	Response of respondents towards Relational Capital	186
3.42	KMO and Bartlett's Test	198
3.43	Total Variance explained	198
3.44	Total Variance for variables to be considered in the method for measuring Intellectual capital.	202
3.45	Rotated Component Matrix	203
3.46	Factor Loading of Variables	206

3.47	Case processing summary Highest qualification * Awareness of Intangible assets Cross	209
3.48	Crosstabulation Highest qualification * Awareness of Intangible assets	209
3.49	Chi-square test Highest qualification * Awareness of Intangible assets	209
3.50	Case processing summary Professional qualification * Awareness of Intangible assets	210
3.51	Crosstabulation Professional qualification * Awareness of Intangible assets	210
3.52	Chi-Square Test for relating Professional Qualifications on Awareness of Intangible Assets	211
3.53	Case processing Business Profession * Awareness of Intangible assets	211
3.54	Cross Tabulations Business Profession * Awareness of Intangible assets	212
3.55	Chi-Square Test Business Profession with Awareness of Intangible Assets	212
3.56	Case Processing Professional Profile * Awareness of Intangible assets	212
3.57	Cross Tabulations Professional Profile * Awareness of Intangible assets	213
3.58	Chi-Square Test Professional Profile with Awareness of Intangible Assets	213
3.59	Case Processing Work experience * Awareness of Intangible assets	214
3.60	Cross Tabulations Work experience * Awareness of Intangible assets	214
3.61	Chi-Square Test relating to Work Experience and Awareness of Intangible Assets	214
3.62	Business Profession * Awareness of different methods of measuring Intellectual Capital	215
3.63	Chi square test relating to Business Profession and Awareness of different methods of measuring Intellectual Capital	215
3.64	Business profession * Disclosure of Intellectual Capital in Financial Statements	216

3.65	Chi square test relating to Business Profession and Disclosure of Intellectual Capital in Financial Statements	216
3.66	Professional Profile * Disclosure of Intellectual Capital in Financial Statements	217
3.67	Chi square test relating to Professional Profile and Disclosure of Intellectual Capital in Financial Statements	217
3.68	Business Profession * Developing new methods for measuring Intellectual capital	218
3.69	Chi square test relating to Business Profession and Developing new method for measuring Intellectual capital	218
3.70	Business Profession * Developing new method for measuring Intellectual capital	219
3.71	Chi square test relating to Business Profession * Developing new method for measuring Intellectual capital	219
4.1	HCE, SCE, CEE, ICE and VAICTM of ACC Ltd	236
4.2	Year with Highest and Lowest of HCE, SCE and ICE	238
4.3	Average Capital Employed of ACC Ltd for 10 years from 2012-13 to 2021-22	239
4.4	Value-Addition of ACC Ltd from 2012-13 to 2021-22	239
4.5	Capital Employed Efficiency of ACC Ltd	240
4.6	HCE, SCE, CEE, ICE and VAICTM of HUL Ltd	241
4.7	Year with Highest and Lowest of HCE, SCE and ICE	243
4.8	Average Capital Employed of HUL Ltd for 10 years from 2012-13 to 2021-22	243
4.9	Value Addition of HUL Ltd from 2012-13 to 2021-22	244
4.10	Capital Employed Efficiency of HUL Ltd	244
4.11	HCE, SCE, CEE, ICE and VAICTM of Infosys Ltd	246
4.12	Human Capital Efficiency (HCE) of Infosys Ltd	247
4.13	Structural Capital Efficiency (SCE) of Infosys Ltd	247
4.14	Intellectual Capital Efficiency (ICE) of Infosys Ltd	248
4.15	Year with Highest and Lowest of HCE, SCE and ICE	248
4.16	Average Capital Employed of Infosys Ltd for 10 years from 2012-13 to 2021-22	249
4.17	Value Addition of Infosys Ltd from the year 2012-13 to 2021-22	250
4.18	Capital Employed Efficiency of Infosys Ltd for the year of study	250

4.19	Human Capital Efficiency TCS Ltd	252
4.20	Structural Capital Efficiency of TCS Ltd	252
4.21	Intellectual Capital Efficiency of TCS Ltd	253
4.22	Year with Highest and Lowest of HCE, SCE and ICE	254
4.23	Average Capital Employed of TCS Ltd from the year 2012-13 to 2021-22	255
4.24	Value-Addition of TCS Ltd. from the year 2012-13 to 2021-22	255
4.25	Capital Employed Efficiency(CEE) of TCS Ltd. from the year 2012-13 to 2021-22	256
4.26	VAIC of TCS Ltd for the year of study	256
4.27	EVA for the ACC LTd, HUL Ltd, Infosys Ltd and TCS Ltd	261
4.28	EVA for the ACC LTd	262
4.29	Economic Value Added(EVA) of HUL Ltd	263
4.30	Economic Value Addition of Infosys Ltd	264
4.31	Economic Value Added of TCS Ltd	264
4.32	Correlation Results of EVA and VAIC in Manufacturing companies	266
4.33	Regression Results of ICE and CEE and financial performance of Manufacturing Companies (EVA)	267
4.34	Regression Results of VAIC and financial performance of Manufacturing Companies (EVA)(H1)	268
4.35	Correlation Results EVA and VAIC in Service Companies	269
4.36	Regression Results of ICE and CEE and financial performance of Service Companies (EVA)	270
4.37	Regression Results of VAIC and financial performance of Service Companies (EVA) (H1)	271
4.38	Gross Value Addition of all sample companies	273
4.39	Gross Value Addition of ACC Ltd	274
4.40	Gross Value Addition of HUL Ltd	274
4.41	Gross Value Addition of Infosys Ltd	277
4.42	Gross Value Addition of TCS Ltd	277
4.43	Correlation Results of VAIC and GVA of Manufacturing Companies	279
4.44	Regression Results of ICE and CEE and financial performance of Manufacturing Companies (GVA)	280

4.45	Regression Results of VAIC and financial performance of Manufacturing Companies (GVA) (H2)	281
4.46	Correlation Results of VAIC and GVA of Service Companies.	282
4.47	Regression Results of ICE and CEE and financial performance of Service Companies (GVA)	283
4.48	Regression Results of VAIC and financial performance of Service Companies (GVA) (H2)	285
4.49	Market capitalization of all the sample companies.	287
4.50	Market capitalization of ACC Ltd.	287
4.51	Market capitalization of HUL Ltd.	288
4.52	Market capitalization of Infosys Ltd.	289
4.53	Market capitalization of TCS Ltd.	289
4.54	Correlation Results of VAIC and Market Capitalisation of Manufacturing Companies	290
4.55	Regression Results of ICE and CEE and financial performance of Manufacturing Companies (MCap)	291
4.56	Regression Results of VAIC and financial performance of Manufacturing Companies (MCap)	292
4.57	Correlation Results of VAIC and Market Capitalisation of Service Companies	293
4.58	Regression Results of ICE and CEE and financial performance of Service Companies (MCap)	294
4.59	Regression Results of VAIC and financial performance of Service Companies (MCap) (H3)	295
4.60	Net Value Addition of all sample companies.	296
4.61	Correlation Results of VAIC and NVA of Manufacturing Companies	298
4.62	Regression Results of ICE and CEE and financial performance of Manufacturing Companies (NVA)	299
4.63	Regression Results of VAIC and financial performance of Manufacturing Companies (NVA) (H4)	300
4.64	Correlation Results of VAIC and NVA of Service Companies	301
4.65	Regression Results of ICE and CEE and financial performance of Service Companies (NVA)	302

4.66	Regression Results of VAIC and financial performance of Service Companies (NVA) (H4)	303
4.67	Employee Benefit Expenses and Manager's Remuneration for all companies.	307
4.68	Calculated Intellectual Capital Value for all sample companies	309
4.69	Correlation Results of EVA and ICValue in all companies	312
4.70	Regression Results of ICVALUE and Financial Performance of Manufacturing Companies (EVA) (H5)	313
4.71	Regression Results of ICVALUE and financial performance of Service Companies (EVA) (H5)	314
4.72	Correlation Results of GVA and ICValue in all companies	315
4.73	Regression Results of ICVALUE and financial performance of Manufacturing Companies (GVA) (H6)	316
4.74	Regression Results of ICVALUE and financial performance of Service Companies (EVA) (H6)	318
4.75	Correlation of Market Capitalisation and ICValue in all companies	319
4.76	Regression Results of ICVALUE and financial performance of Manufacturing Companies (MCAp) (H7)	320
4.77	Regression Results of ICVALUE and financial performance of Service Companies (MCAp) (H7)	322
4.78	Correlation of Market Capitalisation and ICValue in all companies.	323
4.79	Regression Results of ICVALUE and financial performance of Manufacturing Companies (NVA) (H8)	324
4.80	Regression Results of ICVALUE and financial performance of Service Companies (NVA) (H8)	325
4.81	Comparative Analysis of newly developed model and VAIC	330
4.82	Regression Results of ICVALUE and VAIC TM on financial performance of Service Companies (EVA) (H9)	333
4.83	Regression Results of ICVALUE and VAIC TM on financial performance of Service Companies (GVA) (H10)	334
4.84	Regression Results of ICVALUE and VAIC TM on financial performance of Service Companies (MCAp) (H11)	336
4.85	Regression Results of ICVALUE and VAIC TM on financial performance of Service Companies (NVA) (H12)	338

List of Figures

Figure No.	Particulars	Page No.
2.1	Classification of Intellectual Capital	32
2.2	Intellectual Capital Methods: An Overview	35
4.1	VAIC Model from data formulations to overall indicators	235
4.2	Intellectual Capital Value (ICValue) Model	308

List of Graphs and Pie Charts

Pie Chart No. and Graph No	Particulars	Page No.
3.1	Top companies having maximum score of Intellectual Capital disclosure	113
3.2	Individual items disclosure scores of Internal Capital.	117
3.3	Individual items disclosure scores of External Capital.	121
3.4	Individual items disclosure scores of Human Capital.	124
3.5	Place of Residence of Respondents	135
3.6	Highest Qualification of the Respondents	137
3.7	Professional Degrees	138
3.8	Occupation wise distribution of Respondents	140
3.9	Professional Profile of Respondents	141

3.10	Experience of the Respondents	142
3.11	Conceptual Clarity	145
3.12	Intellectual Property	146
3.13	Patent	147
3.14	Trademark	148
3.15	Human Resource	149
3.16	Copyright	150
3.17	Network	151
3.18	Organisational Structure	152
3.19	Skill	153
3.20	Talent	154
3.21	Experience	155
3.22	Awareness about different methods of measuring Intellectual Capital	156
3.23	Methods of Measuring Intellectual Capital	158
3.25	Disclosure of Intellectual Capital in Financial Statements	
3.26	Employees undergo continuous training	162
3.27	Employees are highly educated	163
3.28	Employee skills are upgraded	164
3.29	Managers understand all factors of employee satisfaction	165
3.30	Managers make sure that employees are happy	166
3.31	Managers understand all factors of employee satisfaction	167
3.32	Managers understand all factors of employee satisfaction	168
3.33	Leadership Skill	169
3.34	Management is supportive to innovations.	170

3.35	Firm is efficient	172
3.36	Procedures support innovations	173
3.37	Increase revenue per employee.	174
3.38	Systems allow easy information access.	175
3.39	Staff members are happy to put extra efforts when needed.	176
3.40	Atmosphere is supportive.	177
3.41	Firm is bureaucratic nightmare.	178
3.42	Supports development of ideas	179
3.43	Do not share knowledge.	180
3.44	Transaction time is decreasing.	181
3.45	Product life cycle trend	182
3.46	Implement new ideas.	183
3.47	Procedures support innovation.	184
3.48	Research and Development invested in product design.	185
3.49	Customers are generally satisfied.	188
3.50	Firm is Market Oriented	189
3.51	Reduce time to resolve problem	190
3.52	Longevity of relationships	191
3.53	Use what customers want to make money.	192
3.54	Value Added service.	193
3.55	Launch products that consumers don't desire.	194
3.56	Customers are loyal.	195
3.57	Feedback from customer.	196
3.58	Continuous meeting with customers.	197

3.59	Scree Plot of Principal Component Method.	201
4.1	HCE, SCE, CEE, ICE and VAIC of ACC Ltd	240
4.2	HCE, SCE, CEE, ICE and VAIC of HUL Ltd	245
4.3	HCE, SCE, CEE, ICE and VAIC of Infosys Ltd	251
4.4	HCE, SCE, CEE, ICE and VAIC of TCS Ltd	257
4.5	Economic Value Addition Graph of Manufacturing sector	262
4.6	Economic Value Addition Graph of Service sector	264
4.7	Gross Value Addition of Manufacturing sector	273
4.8	Gross Value Addition of Service sector	275
4.9	Market Capitalisation of Manufacturing sector	288
4.10	Market Capitalisation of Service sector	289
4.11	Net Value Addition of Manufacturing sector	297
4.12	Net Value Addition of Service Sector	298
4.13	ICValue of Manufacturing sector	309
4.14	ICValue of Service sector	310
