## **ACKNOWLEDGEMENT**

*Firstly, I want to express my gratitude to God Almighty for providing me with the means and direction to accomplish my objective and succeed in this phase of my life's journey thus far.*

*I would like to express my sincere gratitude to my PhD guide, Prof. Sujata Srivastava, whose support went beyond the classroom to include one-on-one counselling and encouragement at trying moments.*

*This thesis is an expression of my family and friends' everlasting love and support throughout this difficult academic journey. My parents, Mr. Satyendra Kumar Arya and Mrs. Dipika Arya fostered my interest and encouraged my academic pursuits from the start, for which I am grateful.*

*My anchor has been my husband, Prashant, and his unending love, care, tolerance and understanding, particularly throughout the most trying times of my research.*

*My friends, Harsha, Jhanavi and Devangi who offered encouragement when it seemed difficult to go on and distractions when necessary, are another reason I am grateful. My university peers' conversations and steadfast support have enhanced my research experience, making it not only feasible but also pleasurable. They have been*

*invaluable in helping me navigate the difficulties of my research topic with their insights.*

*I extend my gratitude to my School Principal Dr. Nirav Thakkar for his support, valuable suggestions and encouragement.*
