

ACKNOWLEDGEMENT

I wish to take this opportunity to express my deep sense of gratitude and respect to **Dr. Gopal L. Tembe (Guide)** for his constant encouragement, inspiring guidance and support throughout the progress of my research work. Words fail to thank him for his invaluable contribution to my research work. His deep passion for perfection of work has not only taken care of my present study, but shall always be a guide to me in future,

I am extremely grateful to **Dr. Bhavna M. Trivedi (Co-Guide)** for her encouragement, valuable guidance and support during the course of my research work.

I am grateful to **Prof. Surekha Devi**, Head, Department of Chemistry for the support and facility provided to me during this work. I am also thankful to **Prof. B. V. Kamath** for his guidance.

I am highly indebted to **Dr. M. Ravindranathan, Dr A. B. Halgeri, Dr. S. M. Pillai, and Ms. M. H. Joshipura** for their encouragement to pursue research and help me in need. My sincere thanks to the management of **Indian Petrochemicals Corporation Limited** for providing me the research facilities at the research centre.

I thank **Dr. Robin Antony** for his keen interest and help during the initial phase of my project at IPCL R & D and allowing me to learn the experimental techniques related to organometallic synthesis. I had the pleasure of working with an excellent group of lab mates Sh. V. B. Solanki, Sh. R. S. Damor, Sh. K. N. Solanki, Sh. R. M. Desai, Sh. A. P. Shah, Sh. B. L. Makodia, Sh. K. K. Makwana, Sh. R. U. Ravalji for making my work an enjoyable one.

I wish to express my sincere thanks to **Mrs. Deepa A. Dhoble** of Polymer Chemistry Div., NCL, Pune for her help in GPC analysis of polyethylenes.

I wish to acknowledge with thanks the close association of *late* **Dr. K. V. Rao, Dr. G. Kalpana, Dr. Satpathy, Dr. G. S. Rao** for their help in characterization of catalyst and polymer.

I take this opportunity to thank all my friends, seniors and colleagues at IPCL, Gandhar Complex, Dahej, whose names would form a big list, for their unparalleled company, valuable and timely assistance.

It is true that journey of thousand miles starts with a single step and I thank **Mr. Shailesh R. Shah** of IPCL, Dahej to be with me at this very first step.

I am especially thankful to **Dr. Mitesh Patel**, my co-workers, the teaching and non-teaching staff of the Department of Chemistry, Faculty of Science, The M. S. University of Baroda for their moral support and kind co-operation.

I am grateful to The Sophisticated Analytical Instrument Facility (SAIF) IIT Mumbai, Central Drug Research Institute, Lucknow for NMR and FAB mass spectral analysis.

I am forever indebted to my parents who have shaped me in so many ways, in-laws, relatives and all my well wishers who have directly or indirectly helped me during this period.

I am grateful and indebted to my wife Monica and son Om for patiently standing by me during this period by showering their unconditional love and concern.

Finally, thank you God. I honor you. Thank you for letting your manifesting glory fall on me. I pray for your continuous guidance and protection as I move on to the next phase of your plan for me.

Prashant S. Umare
