

## Table of Contents

<i>Chapters</i>	<i>Title</i>	<i>Page</i>
<i>1</i>	Introduction to Organometallic Binuclear Ruthenium complexes with their biological activities	<i>1</i>
<i>2</i>	Synthesis and characterization of bioactive ligands	<i>24</i>
<i>3</i>	Synthesis and characterization of Binuclear Ru (II) arene complexes	<i>63</i>
<i>4</i>	In-vitro bioactivity activity of the Binuclear Ru (II) arene complexes	<i>126</i>
<i>5</i>	Summary, general conclusions and future Perspectives	<i>186</i>
