
LIST OF TABLES

	<u>PAGE</u>
3.1 Distribution of pupils - schoolwise - sexwise	99
3.2 Distribution of Sample by Means (Age, SES, IQ Pretest (Achievements))	100
3.3 I/D and i/d ratios for the selection of teachers	102
3.4 Difficulty index of the selected items, testwise	118
4.1 Mean, SD and t-values of I/D ratio of experimental and control group teachers	139
4.2 Mean, SD and t-values of i/d ratio of experimental and control group teachers	141
4.3 Average percentages of categories 1 to 10 of pre and post observations of experimental and control group teachers	142
4.4 Average percentages of category-1 of pre and post observations of the experimental and control group	150
4.5 Average percentages of category-2 of pre and post observations of the experimental and control group	153
4.6 Average percentages of category-3 of pre and post observations of the experimental and control group	156
4.7 Average percentages of category-4 of pre and post observations of the experimental and control group	159

	<u>PAGE</u>
4.8 Average percentages of category-5 of pre and post observations of the experimental and control group	162
4.9 Average percentages of category-8 of pre and post observations of the experimental and control group	165
4.10 Average percentages of category-9 of pre and post observations of the experimental and control group	168
4.11 Average percentages of categories 1,2,3 (Feedback) in relation to categories 8,9 (Pupils' participation) of pre and post observations of teachers of both the groups	171
4.12 Average percentages of relationship of events between cells 4-4, 5-5, 8-8, 9-9 of pre and post observations of teachers of both the groups	174
4.13 Average percentages of all the categories (i.e. 1 to 10) of teachers of both the groups at an interval of five post observations (i.e. observations 1-5, 6-10, 11-15, 16-20, 21-25)	179
4.14 Average percentages of all the categories (i.e. 1 to 10) of pre and post observations of an individual teacher of both the groups	184
5.1 Mean, SD and t-value of PAAS (Home) of the experimental and control group pupils	202
5.2 Mean, SD and t-value of PAAS (School) of the experimental and control group pupils	204
5.3 Mean, SD and t-value of PAAS (Peers) of the experimental and control group pupils	206

	<u>PAGE</u>
5.4 Mean, SD and t-value of PAAS (Teacher) of the experimental and control group pupils	208
5.5 Mean, SD and t-value of PAAS (General) of the experimental and control group pupils	210
5.6 Mean, SD and t-value of PAAS (Total score) of the experimental and control group pupils	212
5.7 Mean, SD and t-value of PACT of the experimental and control group pupils	214
5.8 Mean, SD and t-value of PAIQ of the experimental and control group pupils	216
5.9 Mean and SD of Achievement tests (Science) of the experimental and control group pupils	218
5.10 Mean, SD and t-value of Achievement tests (Science) of the experimental and control group pupils	221
