

LIST OF TABLES

TABLE NO.		PAGE
3.1.0	Schematic Outline of the Experiment conducted	113
3.2.0	Schematic Representation of the Strategies : Lesson Plan	119
3.3.0	Blue Print <del>ing</del> of the Items	122
3.4.0	Distribution of the Sample drawn for the Administration of the Preliminary Draft of the Pre-achievement Test in Geography	122
3.5.0	Validity and Difficulty Indices of the Items Finally Selected to form the Pre-achievement Test in Geography	124
3.6.0	Blue Print of the Preliminary Draft of the Three Criterion Tests ( $T_1, T_2, T_3$ ) in Geography	125
3.7.0	Distribution of the Sample drawn for the Administration of the Preliminary Drafts of the Criterion Tests in Geography ( $T_1, T_2, T_3$ )	126
3.8.0	Validity and Difficulty Indices of the Items Finally selected to form the Post-achievement Test (Criterion Test <sub>1</sub> - The Gangetic Plains)	129
3.9.0	Validity and Difficulty Indices of the Items finally selected to form the Post-achievement Test (Criterion Test <sub>2</sub> - The Brahmaputra Valley)	130
3.10.0	Validity and Difficulty Indices of the Items Finally selected to form the Post-achievement Test (Criterion Test <sub>3</sub> - The Desert Regions)	131
3.11.0	A Schematic Representation of the Procedure followed in the Experiment	134
4.1.1	Summary of ANCOVA with Posttest Scores on Knowledge Objectives	138
4.1.2	Testing of Unadjusted Means by F-test	138
4.1.3	Significance of Difference of Adjusted Means of Posttest Knowledge for Groups 1, 2 and 3	138

(Continued..)

(LIST OF TABLES)	PAGE
4.1.4 Summary of ANCOVA with Posttest Scores on Comprehension Objective	140
4.1.5 Testing of Unadjusted Means by F-test	140
4.1.6 Significance of Difference of Adjusted Means of Posttest Comprehension for Groups 1, 2, 3	141
4.1.7 Summary of ANCOVA with Posttest Scores on Application Objective	142
4.1.8 Testing of Unadjusted Means by F-test	143
4.1.9 Significance of Difference of Adjusted Means of Posttest Application for Groups 1, 2, 3	143
4.1.10 Summary of ANCOVA with Posttest Scores on Total Achievement	145
4.1.11 Testing of Unadjusted Means by F-test	145
4.1.12 Significance of Difference of Adjusted Means of Posttest Total Achievement, for Groups 1, 2, 3	
4.2.1 Summary of ANCOVA with Scores on Retention of Knowledge Objectives	148
4.2.2 Testing of Unadjusted Means by F-test	149
4.2.3 Significance of Difference of Adjusted Means of Retention Knowledge for Groups 1, 2, 3	149
4.2.4 Summary of ANCOVA with Retention Scores on Comprehension Objectives	151
4.2.5 Testing of Unadjusted Means by F-test	151
4.2.6 Significance of Difference of Adjusted Means of Retention Comprehension of Groups 1, 2, 3	152
4.2.7 Summary of ANCOVA with Retention Test Scores on Application Objective	154
4.2.8 Testing of Unadjusted Means by F-test	154
4.2.9 Significance of Difference of Adjusted Means of Retention Test Application for Groups 1, 2, 3	155

(Continued..)

(LIST OF TABLES)	PAGE
4.2.10 Summary of ANCOVA with Retention Test Scores on Total Achievement	157
4.2.11 Testing of Unadjusted Means by F-test	157
4.2.12 Significance of Difference of Adjusted Means of Retention Test Total for Groups 1, 2, 3	159
5.1.0 Summary of Results of the Experiment	167
5.2.0 Adjusted Mean Scores : Posttest Level ( in decreasing order )	174
5.3.0 Adjusted Mean Scores : Retention Level ( in decreasing order )	177
6.1.0 Summary of Results of the Experiment	205
