CHAPTER : II REVIEW OF RELATED LITERATURE ... ..	23 - 48
Introduction.. ..	
Studies related to programmed learning and conventional teaching ... ..	
Group-pacing in Programmed Instruction ...	
Programmed learning combined with other media	
Studies in Audio-Visual media... ..	
The implication of these studies ... ..	
References ... ..	
CHAPTER : III AN OVERVIEW OF THE PRESENT STUDY ... ..	49 - 60
The problem... ..	
The objectives of this study ... ..	
Hypotheses ... ..	
Experimental design. ... ..	
The sample ... ..	
The preparation of instructional components.	
Preparation of tests ... ..	
Experimental procedure ... ..	
Statistical techniques ... ..	
References ... ..	
CHAPTER : IV DEVELOPMENT OF THE INSTRUCTIONAL COMPONENTS. 61 -106	
I Development Of Software Materials.. ..	
Course content... ..	
Content analysis. ... ..	

Task analysis ...	...	...	...
Target population	...	...	...
Entering behaviour	...	...	...
Terminal behaviour	...	...	...
Format and style..	...	...	...
Frame components.	...	...	...
Frame structure..	...	...	...
Extra Frame materials..	...	...	...
Response mode....	...	...	...
Frame size	...	...	...
Prompts ...	...	...	...
Frame sequence...	...	...	...
Preparation of pictures	...	...	...
Final tryout	...	...	...
II Development of Tests...	...	...	...
A) Development of Pre pre-test	...	...	...
B) Development of Pre/post-test...	...	...	...
Weightage given to objectives..			
The objectives and their specifica-			
tions in terms of pupil behaviour			
Development of the test items...			
Sample test items for each			
objective	...	...	...
Establishing reliability of the			
tests...	...	...	...

CHAPTER : V EXPERIMENTATION ... ..	107 - 117
Description of the sample ... ..	
Matching the groups ... ..	
The plan of the experimenta ... ..	
The conduct of the experiment.. ... ..	
CHAPTER : VI ANALYSIS AND INTERPRETATION ... ..	118 - 181
Nature of data obtained... ..	
Preliminary treatment of data.. ... ..	
Testing of hypotheses ... ..	
1. <u>Knowledge objective</u> ... ..	
F test for gain in knowledge on immediate post test. ... ..	
t test for gain in knowledge on immediate post test. ... ..	
F test for retention of knowledge. ... ..	
t test for retention of knowledge. ... ..	
2. Objective Understanding ... ..	
F test for gain on immediate post test for the objective understanding. ... ..	
t test for gain on immediate post for the objective understanding ... ..	
F test for retention - objective understanding ... ..	
t test for retention - objective understanding ... ..	

3. <u>Objective Application</u> ... ..	
F test for immediate gain - objective Application ... ..	
t test for immediate gain - objective application ... ..	
F test for Retention - Objective Application ... ..	
t test for retention - objective Application ... ..	
4. <u>Objective Skill</u> ... ..	
F test for immediate gain - objective Skill ... ..	
t test for immediate gain - objective Skill ... ..	
F test for Retention - Objective Skill	
t test for retention - objective skill.
