

## ACKNOWLEDGEMENT

My appreciation and thanks are due to a number of individuals for their cooperation, assistance and guidance received at various stages of this work.

I particularly wish to acknowledge my deep debt of gratitude to my learned guide Dr. M.B. Buch, Head of the Centre of Advanced Study in Education, Baroda, for inspiration, encouraging guidance, affection and support.

I express my sincere thanks to the Education Officer of the Municipal Corporation Schools of Greater Bombay for permitting me to carry out my research work. I cannot forget the kind help provided by principals and teachers of those schools in data collection without whose help the work would not have been possible.

Particular appreciation is due to Dr. B.K. Passi, CASE, Baroda, who helped me in data computation.

Grateful appreciation is expressed to my family members and all my friends who extended their cooperation in one way or the other.

Last, but not the least, I wish to express deep sense of gratitude to my late father without whose encouragement this work would not have been a reality.
