

## LIST OF TABLES

<u>Number</u>	<u>Particulars</u>	<u>Page</u>
CS 1.1	General Education: Scheme of Studies	CS 1.4
CS 1.2	Vocational Education: Scheme of Studies	CS 1.5
CS 1.3	Scheme of Examination: General Education	CS 1.6
CS 1.4	Scheme of Examination: Vocational Education	CS 1.6
CS 2.1	Movement among Adopter Categories	CS 2.8
CS 3.1	Blue print for Question paper in Mathematics	CS 3.4
CS 3.2	Mobility of Adopter categories in the Course of Adoption of Innovation	CS 3.9
CS 4.1	"	CS 4.10
CS 5.1	"	CS 5.9
CS 6.1	"	CS 6.9
CS 7.1	"	CS 7.10
CS 8.1	"	CS 8.8
CS 9.1	Mobility of Adopter categories in Schools where the Innovation is Institutionalised	CS 9.7
CS 9.2	Mobility of Adopter categories in Schools where the Innovation is Discontinued	CS 9.7
CS 10.1	Mobility of Adopter Categories in the course of Adoption of Innovations	CS 10.9

6.1	Source of innovations, the number of innovations originated and the number of respondents aware of the source	6.4
6.2	Number of earlier source of innovation identified by the respondents	6.8
6.3	Awareness of the primary source of an innovation	6.8
6.4	Distribution of innovations and respondents with regard to factors of interest	6.12
6.5	Number of respondents collecting further data about the innovation	6.14
6.6	Sources from which further collection of information about the innovation was made.	6.15
6.7	Factors for not collecting further information about the innovation	6.15
6.8	Factors for not collecting information with regard to four specified innovations	6.16
6.9	Reactions of respondents on getting additional information about the innovations	6.18
6.10	The motivating characteristics of innovations	6.26
6.11	Agencies of resistance to innovation	6.30
6.12	Agencies of resistance and mode of resistance	6.32
6.13	Causes of resistance to innovations	6.34
6.14	Motives for resistance to innovations	6.33
6.15	Effect of resistance on the institution	6.37
6.16	Distribution of adopter categories	6.47
6.17	Movement of adopter categories in the course of adoption of innovations	6.50

6.18	Number of innovations associated with different change agents	6.54
6.19	Helping methods adopted by the change agents	6.56
6.20	Particulars of participation in inservice and other programmes by headmasters and teachers	6.78
6.21	Time of conception of innovations	6.98
6.22	Time of awareness of innovation	6.100
6.23	Time of persuasion	6.102
6.24	Time decision	6.104
6.25	Time taken from the birth of an idea to its adoption	6.105
6.26	Models of change, types of decisions and types of strategies employed in the implementation of innovations	6.107
6.27	Types of strategies employed	6.110
6.28	Sources of the characteristics of innovations	6.112
6.29	Comparison of the characteristics of institutionalised innovations and discontinued innovations	6.113
