

ACKNOWLEDGEMENT

I am thankful to the *Almighty God* for giving me, strength, power and courage to accomplish this task, without which this present venture would not have been possible.

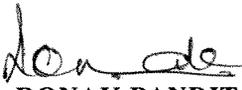

It is very truly said, "If the only prayer you said in your whole life was 'Thank you' – that would suffice."

It has been a long awaited wish of mine to say 'THAT' small prayer to all those people around, who have been with me through out my research and without whom this would not have been possible. So with immense pleasure I present this page to express my indebtedness, immeasurable gratitude and sincere appreciation to –

- **Dr. Dipti Oza**, (Reader, Department of Education, Faculty of Education and Psychology, The M.S. University of Baroda) my guide for her incessant and proper guidance for the completion of this work. Had it not been her zealous and persuasive guidance, positive approach, inspiring words and confidence in me, this work would not have been completed. Her effective suggestions throughout my work and sparing time whenever I needed, made me more confident and gave me courage to complete this herculean task with ease.
- **Dr. S. Kumar**, (Dean, Faculty of Education and Psychology, The M.S. University of Baroda) for allowing me to pursue this research work.
- **Dr. R.G. Kothari** (Ex-Dean & Head, Faculty of Education and Psychology, The M.S. University of Baroda) who motivated me and provided all the possible facilities for the study and research. He was the source behind my university fellowship.
- **Dr. Jayant Sastry** (Director, ARPAN, Diagnostic and Development Centre) who through his resolute encouragement and knowledge helped me to solve some of the queries and mysteries on medical aspects of mental retardation. Apart from this he also has been a great motivator and always reminded me to complete the task. It was he who inspired me to work on this particular topic.

- **Dr. B.P. Lulla** (Coordinator – B.Ed. & Diploma in Special Education, KGP children hospital, Vadodara) who inspired me to remain on track with zeal and enthusiasm, helped me clear my doubts on disability. His energy level inspired me to work still harder.
- **Parents** of all those loving special children who were with me throughout my study and co-operated me for my work. The rays of hope in their eyes for their children inspired me more.
- **Mr. Y.K. Pandya** (Librarian, CASE) for helping me to dwell into the recesses of the library and obtain the required material.
- My CASE colleagues (**Pooja, Sonam, Halim, Prerna, Monika**) and office staff (**Rajputbhai, Ajaybhai, Vijaybhai, Ranabhai, Divyaben, Vandanaben, Sujataben**) for reminding me to work hard and put in proper inputs to complete the research work.
- **Mrs. Harshida Pandit** (my mother) whose help and motivation worked wonders for me. She has been a pillar of support and a beacon of hope. She saw me through many painful times and always inspired me to surpass those moments. There are no words of expression for her support.
- **Avani and Bulbul** (my sisters) who were always besides me for help at any time and supported me in pursuing my dream goal.
- **Salil and Kalpesh** (my brother-in-laws) who always inspired me to achieve high.
- **Jyotsana and Natraj Trivedi** (my aunt and uncle) who have been a source of inspiration for me and provided moral support at the most laid down moments of my life and through out this research work.

- **Rashmi Aunty**, sitting at Mysore always boosted me for my submission.
- **Oza uncle** (my guide's father) though not directly connected but showed concern and gave a boost to me every now and then to complete my work.
