

## ACKNOWLEDGEMENTS

The pursuit of this study has been an educative experience mainly due to the nature of the topic chosen and due to the experiences shared by the Principals who accepted a participative role in this study. I wish to acknowledge with gratitude, their willing co-operation without which an indepth study would not have been possible.

My heartfelt thanks goes to Dr.D.B.Desai, Head, Centre of Advanced Study in Education and Dean, Faculty of Education and Psychology, The M.S.University of Baroda, Baroda, whose encouragement and timely guidance often opened up new vistas for the pursuit of this study, and to my Guide, Dr. N.A.Shelat (Reader), Faculty of Education and Psychology, The M.S.University of Baroda, Baroda, for her patience in handling a topic that but now is gaining momentum in the field of research.

The early stages of the research saw many willing advisers among my Fellow Research Workers and I wish to thank them as well as Mrs.Sarojben Padhye, Librarian, Centre of Advanced Study in Education.

I also wish to express my grateful thanks to my (former) Sr. Provincial, Sr. Mary of Jesus for offering me this opportunity and freeing me from other commitments to pursue this study and to my Sisters at the Convent of Jesus and Mary for their support.

The study has covered a limited ground, but its findings indicate very fruitful areas for further research and in this respect it was a task well accomplished.

Sr.Stella Lobo
