Dear friend,

A project has been undertaken by me in the M. S. University of Baroda to study a few aspects of students life viz., academic performance and job-placement. Some of the information related to this have been collected from you before your final examination. Some other information from you is required regarding the things you have been doing after the completion of your course from this university. As you were a bonafide student of M.S.University, certain more information is required, on the basis of which some improvement can be brought about in our university education system. For that purpose some questions have been framed, which you can find in the next page. Before answering those questions, please read the following instructions carefully.

1. If you are;
  - (a) employed, answer part-I
  - (b) self-employed, answer part-II
  - (c) unemployed, answer part-III
  - (d) studying further, answer part-IV
2. If you are doing more than one, you can answer more than one part i.e. applicable to you.
3. If non of the first four categories are applicable to you, please answer part-V.

4. Write your answer or put tick (✓) mark clearly as necessary for answering the items.
5. If more space is required, please use the last page with proper reference to the item no.

For making the study meaningful i.e. to bring improvement in our university education system it is important that accurate information about job-placement or further study of students like you is needed. So may I request you to give the relevant information about you freely and frankly. I assure you that the information will be used for research purpose only and strict confidentiality will be maintained about it.

Now you please proceed to answer the items. To return the questionnaire, use the self-addressed stamped envelope attached herewith. Quick return of the questionnaire will be highly appreciated.

Thanking you,

( N. PRADHAN )
