

ACKNOWLEDGEMENTS

I take this opportunity to express my deepest sense of gratitude and appreciation to my guide Dr. B. Govinda for his innovative ideas and valuable suggestions from time to time for completing this research work.

I owe my gratitude to Prof. N.S. Yadav, Head, CASE for the continuous intellectual stimulation and invaluable suggestions given to me.

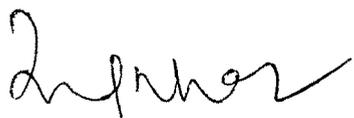

My sincere thanks are due to my friends in the CASE who helped me a lot at various stages of this research work.

The investigator thanks the N.C.E.R.T., New Delhi for granting him leave under the Faculty Improvement Programme of the UGC, New Delhi to enable him to pursue this research work.

I thank Mr. Kanubhai Patal for doing an excellent job of typing the thesis.

Last, but not the least, I thank Mrs. Champa Venkatarangachar, who took all family responsibilities during my long stay at Baroda. But for her unstinted support, it would not have been possible for me to complete this research study.
