
Acknowledgement

The piece of work compiled in this thesis would never have been accomplished without many people behind my life for inspiring, guiding and accompanying me in this six years beautiful journey. I would like to express my sincere gratitude to all of them. I am thankful to Dr. Arunkumar L. Patel, my research supervisor, for his constant guidance and support.. I would like to thank him for keeping me positive and pushing me to do my best. I would also like to thank Prof. Sanjio S. Zade (Indian Institute of Science Education and Research, Kolkata) and his research group for scientific discussions, collaboration, and showing me the better side of this research. I am also much grateful to our collaborators Prof. Saurabh S. Soni (Department of Chemistry, Sardar Patel University, Vallabh Vidyanagar) and Prof. Parameswar K. Iyer (Department of Chemistry, Indian Institute of Technology-Guwahati) for polymer device studies.

I am grateful to Prof. Anjali Patel, Head, Department of Chemistry, and former Head Prof. N. D. Kulkarni for providing the infrastructural facilities during my research work. I am highly thankful to all the in-charge teachers and instrument committee members of the different analytical instruments. I am also thankful to the faculties of our department, Prof. A. V. Bedekar, Prof. S. R. Shah, Prof. P. Padmaja, Prof. Ashish Prajapati, Prof. P. S. Ghalsasi, Prof. Bhavna M. Trivedi, Dr. Amar Ballabh, Dr. Hemant Soni, Dr. V. K. Singh and other members of teaching staff for their valuable guidance whenever needed.

The financial support obtained in the form of a fellowship from the Solvay Specialities (India) Pvt. Ltd. and University Grants Commission, New Delhi is gratefully acknowledged.

We would like to thank Prof. Bhavna M. Trivedi and Prof. Saurabh S. Soni (Department of Chemistry, Sardar Patel University, Vallbh Vidyanagar) for cyclic voltammetry. We are grateful to Prof. A. V. Bedekar for providing cryo-bath facility for doing low temperature reactions. We are also grateful to Dr. R. K. Sharma, Department of Applied Chemistry, MSU for GPC analysis. We thank Dr. Anjana Kothari, Sophisticated Instrumentation Laboratory, P. D. Patel Institute of Applied Sciences, Charotar University of Science and Technology, for AFM analysis and Dr. Hemant Mande for his help in useful suggestions in SCXRD.

I would like to extend my sincere acknowledgment to the office staff of chemistry department, especially Mr. K. J. Rane, Ms. Revathi Ganesh, and Mr. Kalpeshbhai. I convey special acknowledgement for their help in regards to all official activities related directly or indirectly to my work. Amongst the non-teaching staff members, I would like to thank Kirtiben, Makwanabhai, Deepakbhai, Rajubhai, Ninadbhai, Maheshbhai, Lokhandebhai, Vasantbhai, Dineshbhai, Rathawabhai, Dhirubhai and all others for extending basic help for my research.

Special thanks to Dr. Heta A. Patel for making the lab environment lively and enjoyable. I also thank lab colleagues Mr. Vinay Kadam, Mr. Kiran Nakum, Mr. Irfan Saikh, Mr. Abhay Patel, Ms. Parita Detroja, Ms. Krisha Shah as well as dissertation students Abhilasha, Neha, Maitreyee, Yash, Aishwarya and Prachi for their association with me. I thank all of them for their help, co-operation, fruitful discussions and friendly association during my Ph.D. work.

I would like to thank my seniors and friends Dr. Harnish Soni, Dr. Vishwanath Zunjar, Mr. Kanu Kataria, Dr. Kushan Parikh, Dr. Nishant Anasane, Dr. Puran Singh Rathore, Dr. Jigar Soni, Dr. Ronak Bhatt, Ms. Mohini Sadhu, Mr. Rahul Bhatt, Dr. Aditya Khanvilkar, Mr. Gourav Upadhyay, Dr. Krupa Patel, Ms. Blessy Rajan, Mr. Hiten Rawal, Mr. Ketan Maru, Mr. Chirag Savani, Dr. Rina Soni, Ms. Dhruvi Pithadia, Mr. Aditya Puranik, Ms. Priyanka Salunke, Ms. Priyanka Khanvilkar, Ms. Nisha Khadarkar, and all other research students of the department for their generous help and cooperation. Special thanks to Mr. Kanu Kataria, Mr. Kiran Nakum, Mr. Sunildutt Durgapal, Dr. Vishwanath Zunjar, Dr. Harnish Soni and Dr. Kushan Parikh for fun filled moments during lunch and tea time.

Most importantly, none of this would have been possible without the love and patience of my family. I express my special gratitude to my parents Mr. Jamanadas Bhanvadia and Mrs. Indumati Bhanvadia, who always believed in me, guided me and for being my strength all these years. I thank them for inculcating the values of education which, I think, makes me a better person and a better researcher. I thank my dear sister Dr. Roopal Panchani (M.D. Medicine, DNB Endocrinology) and her husband Dr. Nirav Panchani (M.D. Medicine, D.M. Cardiology) for always being there for me. I specially thank my wife Mrs. Dhvani Bhanvadia (CA, PGDTP) for her kind support, encouragement and all the help for making this thesis as it is today. I would also thank all my in-laws for their concern and support. I warmly appreciate the generosity and understanding of my family.

Above all, I owe it all to the Almighty for granting me the patience, wisdom, health and strength to undertake this research task and enabling me to its completion.

Mr. Virajkumar J. Bhanvadia
