

# Table of Contents

<b>Chapter</b>	<b>Title</b>	<b>Pg.</b>
<b>1</b>	Introduction to Ruthenium complexes as anticancer agents	1
<b>2</b>	Synthesis and characterization of bioactive ligands	24
<b>3</b>	Synthesis and characterization of mixed ligand Ruthenium(II)-polypyridyl complexes	62
<b>4</b>	Synthesis and characterization of ‘piano-stool’ type mixed ligand Ruthenium(II)-arene complexes	93
<b>5</b>	<i>In-vitro</i> anticancer activity of the mixed ligand Ruthenium(II) complexes	128
<b>6</b>	Summary, general conclusions and future perspectives.	204
