Chapter One	INTRODUCTION	1-20
	Problem and its statement	7
	Interaction analysis	7
	Description of Categories	8-15
	Summary of FIAC System	16
	Feedback and source of feedback	17-18
	Student teachers and classroom behaviour	19-20
Chapter Two	REVIEW OF RELATED LITERATURE AND STUDIES	21-51
	Research on interaction analysis	24-32
	Research on in-service teacher training	32-35
	Research related to feedback	35-40
	Research related to affective aspects of teaching & learning	40-41
	Research related to teacher effectiveness	41-44
	Research linking process and product	44-51
Chapter Three	DESIGN, METHOD OF INQUIRY, AND METHOD OF ANALYSIS OF DATA	52-79
	Design, sampling and instrument- ation	52-55
	Observers and training of observers	56-58
	Method of inquiry	58-65
	Hypotheses	66
	Method of analysis of data	67
	Ground rules	70-76
	The expanded interaction analysis categories	77-79
Chapter Four	ANALYSIS OF DATA	80-121
	Category 2 to Category 9	81-97
	Other variables	97-121

Chapter Five	DISCUSSION OF RESULTS	122-142
	Discussion of the variables with significant F-ratios	122-131
	Intra-treatment discussion of results	132-142
Chapter Six	SUMMARY	143-153
Chapter Seven	BIBLIOGRAPHY	154-172
	APPENDICES	173-247
	Table showing original scores for categories 2-9	173
	Tables showing gain scores for the dependent variables	174-194
	Tables showing T-scores for gains of the dependent variables	195-215
	Tables showing logarithmic T-scores for gains of the dependent variables	216-236
	Tables showing sums for treatments and trial gains	237-247
