

APPENDIX - L

Combined Project of CASE, Baroda
M.E.S. and Govt. Higher Primary
Schools, Bangalore.

Objective : Fostering the creative abilities of VI
standard children

Dear Parent,

Your child is taking part in the project for fostering creative abilities. The project will continue for a period of three months. During this period, your child may have to solve puzzles and riddles or write stories and poems.

When the project is going on, your child has to do the above activities in the home also. Kindly encourage your child to think more. Please do not give out the answers. Out of inquisitiveness, the child may ask you some unusual or peculiar questions. Instead of discouraging him/her, try to answer patiently or try to find the answer with him/her. I would like to bring to your notice, that if you co-operate like this, you would be helping the development of thinking capacity of your child and especially creative thinking ability.

S. Bhaskara
Teacher Fellow, CASE, BARODA.

Yours sincerely
