LIST OF TABLES	vii
PREFACE	x
CHAPTER I	1 - 35
THEORETICAL FRAMEWORK	
1.0 Evolution of Scientific Knowledge	1
1.1 An Individual's Understanding of His Environment	4
1.2 Piaget's Theory	5
1.2.1 Equilibration	6
1.2.2 Stages in cognitive development	8
1.2.3 Mental operations	10
1.2.4 Transitions	17
1.3 Logic and Content of An Individual's Cognitive Structure	19
1.4 Environment as a Major Influence on Cognitive Development	21
1.5 Formal Education as a Potential Medium of an Individual's Interaction with the Environment	22
1.6 Can Mental Operations be Induced ?	28
CHAPTER II	36 - 7
EMPIRICAL EVIDENCES	
2.0 Introduction	36
2.1 Effect of Structured Experiences on Reasoning	36
2.2 Previous Knowledge on Learning	41
2.3 Existing Structures Influence Development	42
2.4 Role of Manipulation of Objects on Cognitive Development	45
2.5 Discovery Learning on the Development of Reasoning	47
2.6 Creating Cognitive Conflict as a Means of Cognitive Development	50
2.7 Acceleration of Mental Operations	56
2.8 Studies Conducted in India With a Piagetian Theoretical Framework	58

	Page No.
2.8.1 Psychometric studies	58
2.8.2 Correlational studies	59
2.8.3 Intervention studies	61
CHAPTER III	
THE PROBLEM	72 - 105
3.0 Introduction	72
3.1 Acceleration Studies in India	72
3.2 Need for Field Studies	73
3.3 Field Conditions in an Urban Classroom in India	75
3.4 Is Acceleration Possible Under These Conditions ?	79
3.4.1 Reorganising the curriculum frame	80
3.4.2 A theory based model of instruction	84
3.5 The Effect of Curriculum Experiences on the Reasoning Patterns	89
3.6 A Transitional Group in the Secondary School System	91
3.6.1 Reasoning patterns that differentiate concrete and formal operations	92
3.7 Title of the Present Investigation	96
3.7.1 Expansion of terms	96
3.8 Scope and Limitations of the Study	97
3.9 Objectives of the Study	98
3.10 Hypotheses of the Study	99
CHAPTER IV	
PROCEDURAL DETAILS	106 - 150
4.0 Introduction	106
4.1 Design of the Study	107
4.1.1 Adaptations of the design for the present study	110
4.2 Sample of the Study	111
4.3 Tools and Techniques of Data Collection	114
4.4 4.3.1 Clinical interview	115
4.3.1.1 The tasks to assess the reasoning patterns	121

	Page No.
4.3.1.2 Tryout and validation of the tasks	126
4.3.1.3 Relationship among the tasks assessing similar reasoning patterns	129
4.3.2 Observation schedule (SOCOPSI)	131
4.3.3 Unstructured interviews	133
4.4 The Experiment	134
4.4.1 Pre-assessment	135
4.4.2 Analysis of the chemistry portion of the curriculum frame of grade IX	138
4.4.3 Duration of 'treatment' and 'control'	142
4.4.4 Post-assessment	
CHAPTER V ANALYSIS AND INTERPRETATION	151 - 189
5.0 Introduction	151
5.1 Classroom Interaction	152
5.2 Effect of Reorganising the Curriculum Frame on the Combinatorial Reasoning of Students	153
5.2.1 Comparison of the gain scores of the experimental and control groups	153
5.2.2 Statistical analyses of the experimental data	156
5.3 Effect of Pre-assessment on the Combinatorial Reasoning	160
5.4 Analysis of Variance of the Experimental Data	161
5.5 Effect of Maturation and History on the Combinatorial Reasoning	166
5.6 Effect of Reorganising the Curriculum Frame on the Controlling of Variables of Students	167
5.6.1 Comparison of the gain scores of experimental and control groups	168
5.6.2 Statistical analysis of the data	170
5.7 Effect of pre-assessment on the 'Controlling of Variables'	175

	Page No.
5.8 Analysis of Variance of Experimental Data	176
5.9 Effect of Maturation and History on the 'Controlling of Variables'	179
5.10 Analysis of the Anecdotal Records	180
5.11 Discussion	184
CHAPTER VI SUMMARY AND CONCLUSIONS	190 - 214
6.0 Introduction	190
6.1 Theoretical Background	190
6.2 Attempts at Accelerating Logical Reasoning	193
6.3 The Bases of the Present Problem	194
6.4 The Problem of the Study	198
6.4.1 Objectives of the study	198
6.4.2 Hypotheses of the study	200
6.5 The Design of the Study	202
6.6 Sample	203
6.7 Tools and Techniques of Data Collection	203
6.8 The Experiment	205
6.9 Analysis of the Data	208
6.10 Major Findings of the Study	209
6.11 Suggestions for Further Research	210
APPENDIX A Raw scores of RPM and age of the sample, and the calculations of analysis of variance	215
APPENDIX B Tasks for assessing the reasoning patterns and the criteria for assessment	219
APPENDIX C Assessments of the reasoning patterns by three judges on the eight clinical interview tasks	230
APPENDIX D Observation schedule	233
APPENDIX E Sample Clinical Interviews	239
APPENDIX F Pre-assessment	247
APPENDIX G Restructured chemistry content of grade IX	251

	Page No.
APPENDIX H Sample classroom interactions of the treatment	252
APPENDIX I Sample lessons of the control groups	259
APPENDIX J Post-assessments of the reasoning patterns	261
APPENDIX K Recordings of classroom interaction using SOCOPSI	269
