TWENTY-EIGHTH ANNUAL REPORT, 1976-77

INTRODUCTION

Conceived in 1925 by the Baroda University Commission appointed by Maharaja Sayajirao III, the establishment of the M. S. University in 1949 would appear to have been inevitable with the expansion of higher education in Baroda in the decades following. The teaching unitary University started on 30th April, 1949 with the following institutions :

- (a) Constituent Institutions under the management of the University :
1. The Baroda Arts and Science College,
 2. The Pratapsinh College of Commerce and Economics,
 3. The Secondary Teachers' Training College,
 4. The Kalabhavan and the Engineering College,
 5. The Music College,
 6. The Oriental Institute.
- (b) Constituent College under the management of the Government of Bombay :
7. The Baroda Medical College.
- (c) Constituent recognised Institutions under the management of the Government of Bombay :
8. The Baroda Museum and Picture Gallery,
 9. The Baroda Sanskrit Mahavidyalaya.

By June, 1950 these institutions were reorganized into the six Faculties of Arts, Science, Education and Psychology, Medicine, Commerce, and Technology and Engineering, and three new Faculties of Fine Arts, Home Science and Social Work were also established. In 1951 the Baroda Sanskrit Mahavidyalaya and the Gujarati Section of the old Baroda High School were taken over from the Government of Bombay. Today the University has the following Faculties and Institutions under it—Faculties of Arts, Science, Education and Psychology, Commerce, Medicine, Technology and Engineering, Fine Arts with the College of Indian Music, Dance and Dramatics, Home Science, Social Work, Law, Oriental Institute, Polytechnic, Sanskrit Mahavidyalaya, Centre for Continuing/Adult Education and Community Services and M. K. Amin Arts and Science College and College of Commerce, Padra.

With the introduction of the three year degree course in 1957, the first year after S.S.C. was placed under an institution called the Preparatory Unit—(Arts, Commerce and Science) while the second year (the intermediate year) was placed under the Faculty concerned as the first year of its three year degree course.

Hostel and Health Services

Halls of Residence : With the rapid increase in student enrolment, the pressure of demand from students for residential accommodation in the University Halls of Residence has been on the increase. All possible steps are being taken to increase the hostel facilities for students. At its start in 1949, the University had accommodation for only 400 men students and no accommodation for women students. At the end of the year under review there were 12 Halls for men and 4 for women students. There were 2,533 men students and 750 women students in different Halls. The percentage of students residing in the University Hostels works out to 15.9. The corresponding figures for the five years are as under :

During 1976-77, 10721 cases were registered at these two city centers
